### LIVES ARE IN DANGER

Fairmount Home Not Right by Any Means.

#### THE PLUMBING IS ALL WRONG

An Inspection By the State Board of Health Brings Out Serious Defects in the Manner of Waste Disposal—A Few Recommendations—Sewage Flows Into the Dam.

All Liverpool knows the Fairmount home where orphan children, unable to care for themselves, are reared in comfort and given an education by Columbiana and Stark counties, and the many people interested in the institution will hear with regret that the state board of health have recently found it necessary to inspect the buildings and their surroundings. The home is near Alliance and is set in the center of a beautiful tract of land which stretches in fertile fields all about the prettily, yet substantial, buildings. There are always in the near neighborhood of 200 persons there, including the teachers and children, and never before has there been complaint from any one.

Early in June the visiting board of Stark county filed formal complaint with the state board of health and President Stanton detailed Doctor Probst and Dr. J. H. Hartzell to investigate and report to the board. The visit was made in July, and the result handed to the proper authorities the other day. The report is as follows:

"Aside from the plumbing in the building, the drainage outside and the manner of waste disposal there is nothing to complain of. These are pretty much all wrong. The sewer pipes, the waste pipes, and all the underground system should be replaced by new, properly built work, and new closets should take the place of the slouchy and dangerous arrangements now in use. The traps are defective. Their putrid joints stand open and leaky. Important protective parts are made of tin which are rusted through. The waste sewer, under the entire length of the house, is of common earthenware pipe laid under a few inches of earth, the joints of which are, in places, open and leaky. This sewer passes only a few inches beneath the wooden floor of the kindergarten room. Escaping steam wastes into it and volatilizes and fills the air with stench. On entering this kindergarten room the nose was instantly assailed by the characteristic sewage smell. Both children and teachers have been affected with throat diseases and other maladies arising from such a sanitary condition.

"The waste passes by a six-inch pipe sewer into a dry run about 1,000 feet from the main building. This pipe is broken and leaks in several places. The channel to this run is foul beyond expression. More so at the time of our visit by reason of the continued dry weather, resulting in the detention of the decomposing sewage in the bottom of the run. Storm water freshets scour the run of a large part of its sedimentation and carry the same over the premises of farmers below and on into the Mahoning river above the waterworks in-take of the city of Alliance. The farmers complain of the damages to which they are subjected. The superintendent of the Alliance waterworks seized the occasion to advise me that his company has just determined to employ an attorney with a view to rectifying the injury which menaced the city's drinking water supply. It is recommended that the county commissioners of Stark and Columbiana counties take speedy measures to remedy these defects. Imperiled health renders the case urgent. It is recommended that a sanitary engineer have supervision of the plans and work. It is recommended that the output of the sewer be purified before admitting the water into the run. The sewage reaches the banks of the latter at a sufficient elevation to admit of land purification, or of either of the methods of treatment that have been approved by experience."

#### NO MONEY.

No Railroad From Lisbon to the River Next Year.

"I am interested in any railroad that will be built from Lisbon to the river," remarked a land owner to a reporter today, "and make it my business to investigate every new scheme I hear about, because it is money in my pocket to know all there is to know about them, and to the present time I have heard of no railroad that amounts to anything. The News Review told the truth about coal being leased and right of way secured on the creek, but it didn't tell all the story. The people who are doing this have no money

themselves to build an expensive line such as that is sure to be, and they must depend on New York. There are millions tied up in that town awaiting investment, but very little of it is going into railroad building this year. There may be conditions entirely different next year, but the projectors of that line will have to east for their cash. I know a road up that valley would pay, and every one else knows it who takes the trouble to investigate. The timber is first class, and there is a fortune in stone there, and I tell you stone is quite a thing these days."

The speaker is in position to know what he says, and came to this city for the sole purpose of following up the stories regarding proposed railroads. He thinks, however, that East Liverpool has a splendid future.

#### GOOD NEWS AND BAD.

Both Varieties in the Same Letter About John Kreps.

Last week the NEWS REVIEW made mention of the fact that although it was reported that John Kreps, a young man formerly a baker in East End, had died in a Pittsburg hospital, his former landlady did not believe the story.

A letter received from Pittsburg confirmed her belief later, and it contained the good news that he was still alive and the bad news that he must undergo an operation, which might mean death. Mr. Kreps has been a cripple from blood poisoning in one of his legs and went to the West Penn hospital for relief. Since that time the disease changed to the other leg, and the ultimatum was that he must part with the well left leg or die. The operation was to have been performed Saturday, but no word of it has yet been received. The attending physicians stated that it might be necessary to amputate both legs.

Mr. Kreps' misfortune is regretted by all, as he was a very popular young man. He became a zealous member of the Second Methodist Episcopal church several months ago.

#### A SERMON ON SWEARING.

Doctor Lee Showed the Extent of the Evil.

At the First Presbyterian church yesterday morning Doctor Lee preached upon "Hallowed Be Thy Name," and gave some figures regarding the extent of profane swearing as practiced in this city. The figures showed the sin to be well woven into the lives of people who walk the streets. At the evening service Doctor Gilson, a class mate of Doctor Lee, delivered an excellent sermon.

Reverend Smith, a colored student from the Allegheny seminary, will preach in the Second United Presbyterian church every night this week except Thursday. Next Sabbath communion will be administered. Reverend McKelvey, of Calcutta, assisting.

The Sunday schools of East End will hold their picnic at Columbian park next Thursday, and preparations are being made for a large attendance. Reverend Smith will lecture during the day on "Life in the South," giving some personal experiences.

#### DROPPED A BOTTLE.

An Incident at Spring Grove Camp Ground Yesterday.

A respected Wellsville man came to grief at the camp ground yesterday. He was tripping merrily down the hillside toward his buggy in the rear of the dormitory. He carried a basket, the contents of which were covered with a portion of a newspaper. He looked around as someone spoke his name and as he answered the salute his toe caught in a root. He came near falling and released his hold on the basket. Accompanying the crash a big beer bottle rolled about on the ground. The man's face assumed the hues of a kaleidoscope and he made a dive for the bottle. The wind blew the paper away and he ran after that. Then he returned, packed his basket again, looked sheepishly at the smiling crowd and hurried away.

#### TRADE IN TRENTON.

They Expect Great Things During the Fall.

The Trenton correspondent of the Crockery World says: "The inquiries being received here bear witness to the interest manifested by the retail trade in the new move of the American pottery manufacturers, and while it is yet too early for any great manifestations of returning trade, it is very evident that the local potteries will be well represented in the distribution of fall trade. The month has been largely one of preparation, the new lists have been printed and distributed, new shapes and decorations are well under way, and everything being made ready for an early aggressive movement next month."

### AGAINST SUNDAY WORK

Ministers Attacked the Pennsylvania Company.

#### IT WAS AN ABSOLUTE NECESSITY

And the Objection Was Withdrawn on a Clear Explanation From Pittsburg—The Authorities Were Willing and Ready to Lend Their Aid.

The preachers of this city are nothing if not ever watchful for the Sabbath desecrator, and they made bold on Saturday evening to move against no less powerful sinner than the Pennsylvania company.

When Dr. John Loyd Lee read in the News Review that a large body of workmen would be here on Sunday morning and would spend the day in changing the tracks at the passenger station, he at once sought out Reverend Taggart, and together they called on Squire Rose. He informed them that an injunction was the right thing, and an application was promptly made. Mayor Gilbert at once notified Agent Hill, who communicated with the officials in Pittsburg. They evidently gave the matter careful attention for later in the evening Agent Hill received notification that the work was a matter of necessity, and asked that the ministers withdraw their objection. In company with Chief Gill he called upon the ministers, and they were shown that the company could not do the work without greatly inconveniencing passengers and suspending operations. The company made out such a good case that the ministers decided to withdraw their objection and let the work go on. They were more than pleased with the desire of the authorities to aid them in preventing the work, and if the company had persisted in the move without proper authority there is little doubt that Mayor Gilbert would have had a few cases today.

#### THE LAST SUNDAY.

Big Crowds Were at Spring Grove Yesterday.

The last Sunday at Spring Grove was successful in every way, the strangers in camp numbering 1,800. The morning sermon was preached by Reverend Johnson to a large audience, and Doctor Burt was heard by even a greater crowd in the afternoon. Reverend Johnson preached again in the evening, and after he had fully covered the ground allowed by the text, Mr. Walker gave an interesting history of the organization. The crowd at the evening service was large, and the meetings throughout the day were characterized by no incident that would prompt a suspicion of disorder. There were no conversions, but the interest shown in the meetings was marked.

The crowd was made up largely of Liverpool and Wellsville people, but several hundred farmers, with their families, were there, while wheelmen from all parts of the county, Beaver and Jefferson counties were present. The cottagers entertained their many friends in splendid style, and the day was in every way a representative last Sunday of camp meeting.

#### OPPOSED TO FANATICS.

City Officials Want Diamond Exhibitions Stopped.

"I was walking through the Diamond last night," said a city official today, "and I heard an exhibition which so completely disgusted me that I walked away. Some man was there waving his hands, and demanding of the crowd about him who was the father of Adam. Such nonsense as that is enough to make the ordinary man sick. Religious cranks are becoming more numerous and dangerous every day, and I think they get a lot of their inspiration right there in the Diamond."

#### LOOKING FOR HIS WIFE.

She Left Last Week and Has Not Yet Returned.

A West End man is in a ferment because of the disappearance of his wife. He went home one day last week and they quarreled, and the woman left the house. The husband imagined she would return, but as the days went by and her face did not appear he began to think she had wearied of him, and was gone forever. He was looking for her this morning, but could not find her in the city, Wellsville or the East End.

#### THREE BOYS AND A BOTTLE.

They Figured Prominently in a Sixth Street Incident.

Three young men, not one of whom could boast the legal age, stopped in front of a Sixth street residence on

Saturday night, and with a species of profanity which disgusted residents for half a block quarreled over the possession of a bottle of whisky. At length it was decided to divide the contents of the bottle right there, and as there was no other bottle in which to put the liquid they put it into themselves, and walked away swearing as loudly as before the quarrel. All were under the influence of liquor, some being staggering drunk.

#### A GOOD DINNER.

Fernwood Boys Feasted on the Fat of the Land.

Frank Grosshans, Charley Kelly, Will Hill, George Davidson, Joe Cartwright, Sterling Newell and Frank McHenry made up a lively party at Fernwood yesterday. Three of the boys did not leave town until after the rain started on Saturday night, and the horrors they encountered while driving over the hills would fill a book. The event of yesterday was dinner, when an elaborate menu was disposed of. There was soup and fish, and four different roasts, while five vegetables graced the festive board. Desert was made up of pudding, while coffee, tea, milk and Beaver water with fruit, crackers, cheese and cake kept the hungry crowd from starvation. It was a day of pleasure, and some of the boys came home last evening filled with joy. The boys still in camp are catching some of the finest fish ever taken from Little Beaver.

#### COLD WEATHER.

Professor Foster Has a Lot of Painful Predictions.

Professor Foster predicts some cold weather for August. He says unusual weather may be expected, unusual in many respects. Killing frosts will occur in some portions of the northern states. These frosts will probably occur at two periods in the month with an interval of about two weeks. Of course extensive frosts are not expected in this mid summer month. These frost dates will come with the cool waves expected to cross the continent from the 6th to the 10th and 18th to 22d. The cool weather of August will probably retard the corn crop so that late corn will be injured by the general killing frosts about the middle of September in the northern corn belt.

#### RINEHART WILL SUE.

The County Owes Him For a Broken Buggy.

Harrison Rinehart has a grievance against the county, and it is likely that a few hours in court will be required before they can reach a settlement. On Saturday night one of his buggies was being driven along the Wellsville road by a Beaver man. When he reached the bridge near Walker he did not know that it was unprotected by a guard rail, and drove over the side. The horse was not hurt nor was the driver, but the buggy was a model of mash. Rinehart will hold the county, because the place has always been observed as a dangerous spot which sadly needs the attention of someone in authority.

#### A SICK MULE.

Wonderful Because It Was the First in History.

Doctor Wannamaker is a veterinary of long experience and has in his life time dealt with animals of every kind, but on Saturday he was called to treat the first sick mule he ever saw. It was swelled so that it could scarcely pass through an ordinary stable door, and when the doctor began to lance it three men were required to hold it down. Ordinarily two men can control the largest horse with ease. The mule bounced around as though it was in a griddle over a hot fire, and displayed marvelous strength.

#### HIT WITH A STONE.

Donald Keffer Suffers From a Hard Knock.

One day last week Donald, the little son of Harry Keffer, was playing with a party of boys on Thompson hill when he was struck on the head by a stone thrown by a son of Reverend Huffer. Nothing was thought of it at that time, but on Saturday night he became delirious, and a physician was called. The boy was very ill yesterday, and even today the extent of his injuries have not yet been determined. It is thought that he sustained a concussion of the brain, and the result is yet in doubt.

#### TREASURER COPE HERE.

He Took Dinner in the City and Left This Afternoon.

Captain Cope, treasurer of Ohio, was in town today, the guest of Colonel Taylor. He took dinner here, and left this afternoon for Wellsville. From there he will go to Kennington, returning this week to Columbus.

### THE FIRST DOG CASE

Mayor Gilbert Had a Victim Today.

#### A LAD WAS BIT ON THE HAND

The Owner Said the Boy Abused the Animal and It Only Acted On the Defensive—It Was Ordered Killed—The Mayor Has Some Ideas On the Dog Matter.

The first dog case of the season came before Mayor Gilbert this morning, and he dismissed it with the order that the dog be killed.

The complainant was a deaf and dumb boy named Hester, who resides on Chestnut street. He showed the mayor a hand that was swollen and looked as though it was causing its owner pain. The boy explained as well as possible that he had been bitten by an unmuzzled dog owned by Jack McDonald. The mayor sent for McDonald, who, by the way, is the man who created dissension in council when the police appointments were being considered, and he came in. He defended himself by saying the boy had abused the dog in throwing it in a creek, and the dog had retaliated. After the accident he had locked the dog in a room, but the animal escaped last night. He promised to have the dog killed as soon as he was found, and the mayor let him go.

Mayor Gilbert has some strong ideas on the dog question, and inclines to the belief that dogs do not become vicious without cause. The other day he ran across a crowd of boys who were stoning a muzzled dog, and at once realized how mad the dog would get if it only had the power to bite. The dog question is a vexatious one, and the authorities are doing all in their power to abate the evil.

#### ONE ARREST.

But the Mayor Has No Charge For It.

There was some mystery at city hall concerning an arrest that was made on Saturday night. Two men came together on Market street about midnight, and one gave the other a hard knock in the face. Officers Jennings and Earle were called and the man was quickly placed under arrest. There were no prisoners in jail this morning in spite of the capture, and the mayor has no case on his docket. He is wondering what became of the matter.

Officer Meador was notified this afternoon that Elsie Moore's cow was running at large in West End. He went to look after it.

#### F. A. MAGOWAN RETURNED.

The Trenton Potter Fooled the Newspaper Men

Frank A. Magowan, the wealthy Trenton potter, is home again and indignant at the wild newspaper accounts of his absence. He claims to have been in Chicago, and laughs to scorn the report that he went away with Mrs. Barnes, who was with her mother, sister and brother, and all of them are now visiting friends in Chicago. Magowan claims to be worth a million dollars. A local paper was among the number taken in by the Trenton reports.

#### GOT A JOB.

Judge Young Made an Appointment Today.

Special to the News Review. LISBON, Aug. 5.—Judge Young today appointed L. T. Farr, of Rogers, commissioner of Insolvencies for a term of three years. He gave \$1,000 bond.

Marriage licenses were issued today to Norman Sowders and Minnie Bursen; Wm. J. Birch and Florence Carlisle; Charles Gregory and Cora Seiter.

Court convened this afternoon for the settlement of a few cases and the winding up of business.

#### Commenced the Ditch.

Workmen this morning began the long ditch that will carry water to the people on Lisbon road. This is probably the last of the expensive improvements made by the water works this year. The work has cost a pile of money, but has so increased the protection against fire that it is money well spent.

#### At Camp Trilby.

About 20 young people ate dinner with the club at Camp Trilby yesterday and 20 more were there for supper. The club is earning a reputation as hosts, and their cooking is said to be fit for a king. A party of wheelmen expect to visit the camp Wednesday evening.

#### Two Boys.

Born to Mr. and Mrs. Edwin Foerster, Davidson Opera block, a son. Born to Mr. and Mrs. John Davidson, Huston addition, a son.

PROTECTION first, last, and all the  
time is the watchword of the natural  
protector of the nation, the Repub-  
lican party.

THE gold reserve continues to hold  
more millions than the law requires,  
but the debt of the nation is growing  
with every day.

PRESIDENT CLEVELAND and his  
cabinet seem to be working Uncle  
Sam for all there is in his rapidly  
flattening wallet. Even light house  
tenders cost money.

THE conflicting stories published  
by the opposing factions of the county  
Democracy warrant the belief that  
some one is working wonderfully  
on his imagination for argument.

GENERAL BUSHNELL is a hard work-  
ing man; one of those enterprising  
business men whose faculties only rest  
when he is buried in slumber. Al-  
though enjoying the cool air of  
Macinac, he is a living reality in cam-  
paign preparations, and not a day goes  
by without some suggestion being  
received by Chairman Kurtz from his  
busy brain. The next governor pro-  
poses to make a personal visit to every  
county in the state, and give the peo-  
ple an opportunity to see what he is  
like.

## THE POPULIST PLATFORM.

The convention that nominated  
Coxey for governor in Columbus the  
other day was kind enough to erect a  
platform of planks in order that the  
average man could be warned of their  
doctrines, and keep away if he did not  
like them. They ratified the Omaha  
platform and after expressing them-  
selves in favor of the wild schemes of  
Mr. Coxey, declared they wanted more  
money coined from paper. Then they  
gave the old yell about the free and  
unlimited coinage of silver, and tacked  
to it the declaration that they didn't  
care what the other nations did re-  
garding the ratio. Public monopolies  
were disposed of with the demand  
that they be nationalized, and the is-  
sue of interest bearing bonds at any  
time, in peace or war, was called  
treason. Eugene V. Debs was given a  
pat or two on the shoulder to cheer  
his prison life, and the delegates said  
they were in favor of a law that will  
make unlawful any bond, note, mort-  
gage or other obligation that was made  
payable in gold only. As if not satis-  
fied with this curtailment of personal  
liberty they demand the immediate  
abolition of the national banking  
system, pretending to see danger in  
what has proven a safe and reliable  
currency. In addition to this list of  
theoretical nonsense they adopted  
what they were pleased to call a state  
platform in which they want official  
salaries reduced; and the people to  
pay taxes on what they own, not on  
what they owe. A bid was made for  
the miner's vote in favoring a law for  
the size of coal screens, but no one  
can imagine who they wanted to catch  
when they favored placing the liquor  
traffic in the hands of the state with-  
out profit. Taken separately or as a  
whole, the list of principles is what  
could be expected from men who be-  
lieve in the leadership of the  
commonweal. His fanciful nonsense  
appears everywhere, and his presence  
on the ticket is proof that he has at-  
tained the notoriety he has long  
sought.

# PLOT FOR QUEEN LIL.

Another Filibustering Plan Ex-  
posed In San Francisco.

## SPECKLES' SON IS BACKING IT.

A Gigantic Scheme to Seize Millions,  
Confiscate Property and Run Dole and  
His Followers Out of the Country—A  
Reporter Unearthed the Plot.

SAN FRANCISCO, Aug. 5.—A local  
paper prints a story exposing the al-  
leged plot to restore Queen Liliuokalani  
and loot Honolulu. Rudolph Speckles,  
youngest son of Clans Speckles, is said  
to be backing the scheme. Its object is  
—or was—to take the Hawaiian repub-  
lic by force of arms, restore to the  
throne ex-Queen Liliuokalani, divide  
money and odds worth approximately  
\$27,000,000 among some 300 freebooters  
picked up by ones and twos in West-  
ern America.

The active agents of the conspirators  
is W. F. Morrow, a native of Connecti-  
cut, aged 31, and he, says, recently a re-  
sident of Grass Valley, Cal. He is still  
in San Francisco under surveillance, so  
that the federal authorities can get him  
if they are inclined to do so.

The headquarters of the filibustering  
expedition has been at 711 Bush street,  
a dingy flatfronted boarding house. A  
reporter answered an advertisement for  
timbermen and hunters for a prospect-  
ing party, and after agreeing to go the  
plot was revealed to him.

Morrow said: "In the city of Hono-  
lulu the Dole government claims 3,000  
adherents and of these 3,000 there are  
1,000 who are friends of the royalists,  
and out of the 120 men who make up the  
standing army, we claim to have  
five men who are ready to do the bid-  
ding of the revolutionary party, and  
out of the militia we can command  
the services of 50 men."

"The proposition is to capture the  
five steamers that ply between the is-  
lands and then approach Honolulu and  
capture the revenue office and the bank  
of Bishop & Co., there being from  
\$200,000 to \$500,000 in the revenue boxes  
and bank. The proposition in regard  
to the queen is to place her on the throne  
as a mere figurehead, the head of the  
revolutionary party to be in control of  
affairs."

"Rudolph Speckles has planted 1,000  
stands of arms to be used by the revo-  
lutionists on the island of Maui," con-  
tinued Morrow. "The Speckles have  
little use for the provisional govern-  
ment. They could furnish arms to the  
natives except that the natives could  
not use them, and to this fact I attri-  
bute the failing of the last uprising."

"In the party that is to leave from  
here is three or four men who are ac-  
quainted with every inch of the island.  
Among them are Volney B. Ashford,  
the head of the last affair in name. I  
say in name because Ashford is partly  
to blame for the last affair. We have  
an attorney who is giving us advice and  
who is to accompany the expedition. His  
name is Bashford."

"In regard to the makeup of the  
party there are about 200 men, nearly  
all cowboys from New Mexico, Arizona  
and Texas, and most of them are here  
scattered around."

Morrow said that the natives and  
people of the islands would welcome  
the revolutionary party. "The natives  
will be glad to see us," he said. "We  
will consider it like getting out of  
hell into heaven." "I'd have the govern-  
ment a monarchy again."

"The first point after landing will be  
to take the fire alarm system, and the  
next point will be the telephone system,  
in order to cut off communication,"  
said Mr. Morrow. "Next will be the  
police station, where there are only  
about 30 men, whose arms and ammu-  
nition are on the upper floors while the  
men are down below. Next would be  
the palace where the galling guns are  
stationed on a piazza. We also depend  
on some of our spies to cripple a couple  
of the galling guns. Next we shall  
take the government building, which is  
guarded by only 12 men. After  
capturing these points we will  
leave men to guard them. We think  
that we ought to capture the city within  
half an hour, as the points are so  
weakly guarded. At the palace our  
men could be behind the fence that sur-  
rounds the grounds and pick off the  
gunners from a place of safety, and as  
soon as their ammunition had been ex-  
hausted the revolutionists could rush  
in and capture the guns and gunners."

Morrow then said that Dole and his  
adherents were to be sent out of the  
country and their property confiscated  
and distributed among the filibusters.

## HIS BOMB KILLED HIM.

An Anarchist Killed After Wounding a  
Mine Manager In France.

DOUAI, France, Aug. 5.—During the  
fetes in the mining district of Aniche  
to celebrate the jubilee of M. Vuillemin,  
manager of the Aniche Colliery com-  
pany, an anarchist named Decoux in-  
flicted a wound on the chest of M.  
Vuillemin while he was leaving the  
church. Three of them took effect,  
though the wounds they inflicted were  
not serious.

Directly afterwards a tremendous ex-  
plosion was heard, and Decoux's body  
was hurled several yards, while ten of  
the bystanders were thrown to the floor  
injured by the explosion. Decoux, who  
father rushed upon the prostrate body  
of his son and kicked him, exclaiming,  
"Canaille, assassin."

Decoux had been carrying a bomb be-  
neath his coat which was prematurely  
exploded. Decoux was dismembered  
and terribly mutilated, and expired im-  
mediately. He was dismissed from the  
colliery after a strike in 1893.

## Pope Says Mass For Americans.

ROME, Aug. 5.—The pope said mass  
Sunday morning in the hall of the con-  
sistory in the presence of the American  
pilgrims who are here, a deputation of  
the passionist Fathers of America and  
about 200 American tourists. Bishop  
Burke afterwards presented the pil-  
grims to the pope, who, standing in  
front of the altar, said a few kindly and  
consoling words to each.

## La Touraine Behind Time.

NEW YORK, Aug. 5.—The French  
Line steamship, La Touraine, from  
Havre, has come into port 24 hours be-  
hind her usual time, owing to a mishap  
to her machinery during the voyage.

# NEW YORK PRETTY DRY.

Conlin Says It's Impossible to Entirely  
Enforce Sunday Closing.

NEW YORK, Aug. 5.—The reform po-  
lice administration enforced another  
dry Sunday in the metropolis yester-  
day. Many patrolmen were on duty in  
citizens clothes to watch the saloons,  
and they had the assistance of mem-  
bers of the City Vigilance League, who  
reported supposed violation of the law.

Acting Chief Conlin said that he had  
traveled about the city considerably and  
felt gratified at the results of his cam-  
paign. Although the saloons were shut  
up pretty tight to all outsiders, it was  
apparent that many of them were do-  
ing business in a quiet way with their  
friends. Acting Chief Conlin practi-  
cally admitted that it is an impossibility  
to stop the saloon sale of liquor in every  
section of the town, when it is possible  
for a saloonkeeper to supply the tenants  
in the building in which his place is  
situated, either from the saloon or from  
a room on some other floor of the house.  
"Where there is a demand," said the  
acting chief, "there is likely to be a  
supply some where."

The unique organization, known as  
the Gilder club and fathered by Oliver  
Summer Teall, was opened for the first  
time and many paid the nominal dues  
for membership and partook of liquor  
refreshments there. Both Mr. Teall  
and his lawyer were emphatic in say-  
ing that it was not within the province  
of the police to molest them without  
closing up such places as the Union  
League and other clubs.

## KILLED 49 REPTILES.

A Huge Snake Farm of the West Vir-  
ginia Variety.

CLARKSBURG, W. Va., Aug. 5.—Near  
Highland, Ritchie county, on the farm  
of Mrs. Maria Reed, Frank Schofield,  
John Kraus and two other farm hands  
were going to work in a field about a  
quarter of a mile from the house when  
they were startled by a hissing sound,  
like that made by several geese. They  
turned and were surprised to see a  
snake about four and one-half feet  
long. The snake was killed, whereupon  
another not quite so large appeared. It  
was also killed and its place taken by a  
third. A fourth one appeared, but  
escaped into a pile of brush.

The men decided to find out if there  
were any more snakes in the brush pile  
and set it on fire. In a few minutes  
the snakes began to run in all direc-  
tions, and by the time the fire had  
burned out 49 snakes had been killed,  
ranging from length from ten inches to  
five feet. The snakes were all one spe-  
cies, and of a sort not known here-  
abouts. They were yellow and brown  
spotted, the spots being the size of a  
dime to the size of a half dollar.

## Green Goods Men Get \$500 For \$20.

BETHLEHEM, Pa., Aug. 5.—Jesse  
Shively, who said he was a rich farmer  
from the upper end of Monroe county,  
has been bounced out of \$500 by green  
goods men. The swindlers left him at  
the Union depot, first warning him not  
to open the box until they had gotten  
out of the city. The green goods men  
had no sooner boarded the train for  
New York than Shively opened the  
box. It contained a genuine \$20  
bill and a lot of cheap paper instead of  
\$5,000.

# NO AMERICANS KILLED.

The Victims of Chinese Fanatics  
Were All Britishers.

## TEN MISSIONARIES MURDERED.

Two Americans, One a Man and the Other  
a Woman, Wounded by the Rioters,  
But Made Their Escape—The Expe-  
riences of the Victims Terrible.

WASHINGTON, Aug. 5.—The state de-  
partment has received latest intelligence  
of the killing of the missionaries in  
Ku-Cheng, China. The dispatch, like  
the one received Saturday, was from  
Consul General Jerigan, and shows  
that no Americans suffered, but that  
the massacre of British subjects was  
greater than at first reported.

The consul general's dispatch is in  
the following words: "Americans all  
safe. None hurt. Ten British killed."

The Rev. Mr. Stewart, wife and child  
were burned in their house. The Misses  
Yellow and Marshall, two sis-  
ters named Saunders, two sis-  
ters named Gordon and Steetie  
Newcombe were murdered with  
spears and swords. Miss Codrington  
was seriously wounded about the head,  
and the Stewards' eldest child had a  
kneecap badly injured, while the young-  
est had an eye gouged out. The Rev.  
Mr. Phillips, with two Americans, Dr.  
Gregory and Miss Hartford, were both  
wounded, but arrived safely at Fu-  
Chan-Fu.

The London Standard's special from  
Shanghai says that the news of the  
massacre was suppressed for three days  
by the Chinese officials.

"Their experiences," the dispatch  
continues, "were terrible, and death  
was the least part of the sufferings of  
the butchered women."

Another telegram says that all the  
murdered ladies belonged to the Church  
of England, Zenana mission.

Minister Denby has been cabled to  
see that Americans' interests are pro-  
tected.

houses near No. 3 shaft, inhabited al-

visited by a mob of 500 white miners  
from this city and given a taste of mob  
violence. Five colored men held up a  
white man named Barney Role between  
this city and Location, and after robbing  
him of nearly \$100 in money fired three  
pistol shots into him and left him for  
dead. Role is the third man shot at  
Location in the past few weeks. The  
whites shot some of the negroes, tore  
down their houses and run them out of  
town.

### HAVOC OF LIGHTNING.

**A Church Badly Wrecked at Mahertown, Pa.**

**TWENTY WORSHIPERS INJURED.**

Shoes and Clothing Torn From Some of the Worshipers by the Bolt—A Girl's Watchchain Melted—One of a Party Killed Near Hollidaysburg, Pa.

QUAKERTOWN, Pa., Aug. 5.—The Methodist church of this place was struck by lightning, Sunday, and 20 persons were prostrated. Those seriously hurt are: James Hoff, justice of the peace; Minnie France, Mrs. Kuhl Hoffman, Mrs. John Wilson; Asa Bauman, sexton, and Mrs. Bowman, wife of Rev. F. L. Bowman, pastor of the church.

Nearly all of these were knocked senseless by the stroke, and it is feared that death will result. Minnie France is in a critical condition.

Dr. Bowman had just pronounced the benediction at the morning service, when the bolt struck the belfry, running around the edifice under the weatherboards, and down under the flooring. The services having been all but concluded, many persons were in the vestibule and aisles of the church. Besides those named, 14 persons were maimed and scarred. The houses of the town were turned into emergency hospitals and the victims are there being cared for.

Sexton Bauman had his coat torn from his back and one of his shoes was stripped as by a knife. Minnie France was in her pew when the bolt tore through the floor. Both shoes were torn from her feet, the crown of her hat was wrenched away, and her watchchain was melted into liquid. James Hoff was prostrated in his pew, and most of his clothing was torn from his body. Horses broke the tieposts outside the church, and many of them ran away. A veritable panic followed the stroke. After the excitement had subsided, it was found that the 600-pound bell in the cupola was hanging almost by a thread, while fully 100 persons were directly under it. The church edifice is almost a wreck, as the lightning penetrated from all sides.

A Hollidaysburg (Pa.) special says: During the progress of an electrical storm, a party of nine persons from Williamsport, Pa., who had been traveling in a 4-horse wagon, overland, took refuge under an oak, three miles west of this city. The tree was struck by lightning and the members of the party suffered the full shock and effect of the electric fluid. John Miller, aged 19, was killed outright. His sister, Jennie Miller, and Mrs. John Fay were severely burned about the face and body, and their recovery is doubtful. The other men and women escaped with lesser injuries. The dead and wounded were removed to the Blair county almshouse, and medical aid was summoned. The relatives of the party at Williamsport were notified.

**A RULER FOR ARMENIA.**

The Powers Will Appoint a High Commissioner—Turkey's Answer.

CONSTANTINOPLE, Aug. 5.—The reply of the porte to the demand of the powers for reforms in Armenia is conciliatory, and so many points agrees with the powers' demands. It proposes to appoint Christian assessors to assist the Turkish provincial government, and to admit a proportion of Christians among the minor officials, police and gendarmes, and also promises to restrain the Kurds from violence. At it also declares that some of the powers demands are unacceptable, or impossible of execution, it is probable that the powers will not be satisfied with the reply.

A London special says: The Anglo-Armenian association learns from Constantinople that the signers of the Berlin treaty have agreed to send a note to the porte announcing that as Turkey is unable to protect the lives of her Christian subjects the powers have decided to appoint a European high commissioner with vice-regal authority to administer Armenia in the name of the sultan. Probably Baron von Kallay will be appointed. He comes from an ancient and noble family of Hungary. In 1881 he was minister of foreign affairs for the Empire during the interim between the death of Count von Haymerle and the nomination of Kallay. In 1882 he was minister of finance in the Austrian cabinet, and at the same time administrator of Bosnia and Herzegovina under the Berlin treaty, and has given attention to the eastern question all through his public life.

Twenty Rioters Killed in Tabriz.

TEHRAN, Aug. 5.—The scarcity of bread and the closure of the bazars, to prevent disorders, has led to serious rioting in Tabriz. The troops dispersed the rioters, 20 of whom were killed. The mob carried the corpses to the Russian consulate, and demanded protection against the soldiers. The consul thereupon visited the governor who promised a reduction in the price of bread. Nothing has yet been done in the matter, and the troops were still firing on the mob when this dispatch was sent.

## CLEVELAND A HAPPY FATHER.

He Writes of His Joys to an Admirer in Cincinnati.

CINCINNATI, Aug. 5.—A. O. Kaplan of this city, recently received a letter of thanks from President Cleveland. Mr. Kaplan has sent the president a book entitled "Baby's Biography," upon the birth of each of his little daughters, and did not forget the president in the case of the last. President Cleveland acknowledges the receipt of the third book, July 18, while at Buzzard's Bay, in the following letter:

"On behalf of the parents of our little child, I desire to thank you for the 'baby's biography' which you kindly sent us.

"We hope the records which will be made in this book will be full of joy and comfort as those which adorn the pages of the biographies of the elder sisters—for which we are also indebted to your thoughtfulness and friendliness.

"As the contented and happy father of three girls, I desire, from the bottom of my heart, to congratulate you, who are the father of four of these great treasures."

## OHIO'S NEW SALARY LAW.

A Test Case Regarding Counties Commenced at Upper Sandusky.

UPPER SANDUSKY, Aug. 5.—Whether or not a county has a right to adjust its own salaries for county officials will be determined here by a case which commenced here today. At the last session of the general assembly an act was passed changing the compensation of the county commissioners of this county from payment for time and mileage to \$800 per year salary.

Commissioner Hershberger brought suit to recover compensation under the general law of the state. If Hershberger loses, this will be a straw for every county in the state and will be far reaching in its result.

## Big Increase in Wages.

LEBANON, Pa., Aug. 5.—The Pennsylvania Bolt and Nut company have notified the employees in the puddle and rolling mills that their wages are increased 10 per cent, the order to go into effect on Aug. 10. This is the second increase of 10 per cent within a month, and the puddlers will now receive \$4.00 per ton. The Lebanon iron company has also notified their employees in the puddle and rolling mills that their wages have been increased 10 per cent, to go into effect at once.

## Indians Back on the Reservation.

MARKET LAKE, Ida., Aug. 5.—When General Coppinger heard of the excitement among the settlers in Swan valley, he ordered Company C, Eighth infantry, to proceed there at once. This was before the official investigation disclosed the fact that the Indians in that vicinity were all peaceably returning to their reservations. The company will probably not remain long at Swan valley. All the Indians have returned to the reservation.

In a runaway accident near Caldwell, Misses Rose and Jessie McGarry and Jennie Marquis were thrown from a buggy and seriously injured. The vehicle was completely demolished.

Some person or persons entered the Howard restaurant at Hamilton, found the money drawer, and with little trouble succeeded in extracting some \$15 therefrom. No clew.

Burglars entered the store of Anton Maeder, on Walnut street, Hamilton. Nineteen pairs of shoes were taken.

Sol Puterbaugh, a widely known citizen, was fined \$10 and sentenced to ten days in jail at Dayton for contempt of court, by Squire Thompson. Puterbaugh became abusive when notified of a judgment rendered against him.

While riding a bicycle at Dayton, Harry Shelby was struck by a Third street electric car. He owes his escape from instant death to the fender with which the cars were recently equipped.

## LOCAL BREVITIES.

A vast amount of baled straw is being relieved in the city for the potteries.

The Daughters of St. George are picnicking at National Park this afternoon.

Mrs. T. W. McCain, of East End, is recovering from a severe attack of rheumatism.

Mrs. Jay Hague is confined to her home in East End with a threatened attack of fever.

A few drunks were seen on the streets yesterday afternoon, and a keg did duty for a few thirsty souls outside the city limits near the West End.

The program of sporting events for Labor Day will be filled with local advertisements, the committee now at work being well received where ever they go.

Doctor Huston on Saturday said the words which bound together for the rest of this life Mr. John M. Delee and Miss Maggie E. Payton, both of this city.

Increased forces were the order at many potteries this morning, and more men are at work today than have found employment in the city for many months.

Jack Everson, the well known Wellsville young man who has been ill for months is somewhat better, but still so far from recovery that he is in a dangerous condition.

Conductors were put on the electric line to accommodate the crowds going to Spring Grove camp ground. The rush was not great, however, and only a few of the cars were packed.

The occupants of Camp Trilby want it understood that the report of their all being sick is untrue. They are well and happy, enjoying every hour of their stay on the banks of Little Beaver.

A thrashing engine that went puffing along the road between this city and Cannon's Mill almost caused an accident on Saturday afternoon. A young potter and his best girl were the victims.

It is said that a bet of \$25 a side was made by a well known sport and a Wellsville man on Saturday night, the wager being for and against Corbett in the big fight. The Liverpool man backed Corbett.

The oil developments on the Dawson farm, near Smith's Ferry, will result in activity on this side of the creek. An old well on the next farm west will be cleaned out this week, and two more may be drilled.

A Liverpool young man who became too noisy in a questionable resort in Wellsville was ejected on Saturday night, and falling on the pavement disfigured his face. He came home on the next car almost as penitent as he was drunk.

The family of Samuel Ashbaugh moved in from the camp ground today owing to the illness of Mrs. Ashbaugh. Several others will move this week, but the majority will remain until the middle of the month.

A poor canine that had been shot by some one wandered along West Market street yesterday afternoon and was mistaken for a mad dog. It was suffering from the wound, and occasionally howled, but the howls were what caused loafers to give it a wide berth.

The many friends of Mr. and Mrs. Chris Horton will be sorry to learn that their little daughter, Edith, is dead the cause being brain trouble. Funeral services will be conducted at St. Stephen's church tomorrow at 2:30 o'clock. Interment will be in River-view.

The Crisis with its usual display of ignorance announced Saturday that the attorneys' vacation ended with this morning. Those who walked to their attorney's office this morning no doubt kicked themselves back home. The attorneys' vacation does not end until Monday next.

The members of the Buckeye club claim that the statement made in the Crisis of Saturday night to the effect that they would not stand by their challenge to play ball, is untrue. They say their challenge was only directed to the Phoenix and Columbian clubs, and they are perfectly willing to meet either of these organizations on the diamond.

The trustees had another case Saturday of a Pittsburg man who had read reports of business here in the papers of that city and brought his family to look for work. The false reports sent out simply meant that the trustees had to pay the family's way back to Pittsburg or keep them here at the expense of the taxpayers, and they sent them back.

Business men are conservative in making purchases for the fall trade this year, several having expressed their determination to wait until the season has well advanced before they put out their money. "I am going to wait until I see what the potteries do before I buy many more goods," said a well known retailer, "and I have heard of others who will do the same thing. It will be soon enough to stock up when we know how orders are in the potteries."

## ANOTHER PARK SCHEME

East End Men Want a Base  
Ball Ground.

**MONEY YET TO BE RAISED**

The Scheme Is To Fence In the Race  
Track and Have the Diamond in the  
Center—Arrangements Can Be Made If  
They Have the Price.

Another scheme for a base ball  
ground is on the boards, and if money  
can be secured an athletic park will  
be among the certainties next year.

The plan is in the hands of the East  
End ball club, and already \$60 is in the  
treasury as a result of the festival  
held on Saturday night. The pro-  
moters of the project expect to keep  
the members together during the  
winter, and as they will each pay in  
by the month, and numerous benefits  
will be given during that time enough  
is expected to begin the work  
when spring comes again. As the  
plan is at present the driving park  
will be leased and a fence built around  
it high enough to keep out the people  
who have not paid to see the games.  
A good diamond will be made in the  
center of the oval, and the grand  
stand will be made of sufficient  
size to satisfy all. The club expect to carry out  
the scheme, as various plans have been  
suggested that will bring in the re-  
quired amount of money.

The East End club have arranged a  
game with Wellsville for next Thurs-  
day, and are looking for contests with  
Lisbon and Palestine.

The base ball game between the  
Crescents of Lisbon and the East  
Palestine club was witnessed by a  
large crowd and proved very exciting.  
Percy Albright pitched for Palestine  
and other East Liverpool men were  
on the team, but Dock Howard and  
Finch proved a battery that surprised  
the natives. Following is the score:  
Crescents.....2 0 3 3 0 0 0 1—9  
Palestine.....0 0 0 0 2 0 0 2—4  
Howard is the Liverpool man who  
played well here, and he is advancing  
in a manner that evinces his talent.

**AUGHENBAUGH A VICTOR.**  
He Carried Off the Honors at Connells-  
ville—Sporting Notes.

Saturday was a great day with the  
wheelmen in several Pennsylvania  
towns but East Liverpool and Beaver  
were more interested in the races at  
Connellsville than any other place.

C. C. Aughenbaugh, of Beaver, who  
trains here, won the half mile and  
mile open. In the former race Banker  
retired because of a broken wheel and  
Aughenbaugh finished but a wheel's  
length ahead of Quimby. Banker was  
in the mileopen race. Aughenbaugh's  
time in the half mile was 1:14 2-5; one  
mile, 2:41. He also took second place  
in the three mile handicap. George  
Hale riding under the C. C. C. C. colors  
made a quarter mile in 34 seconds flat.

The real reason why Hale did not  
get a place was the peculiar man-  
ner in which the decisions were  
juggled. He got a good third in one  
race, and was beaten out of it by the  
judges. He kicked vigorously and  
was aided by Banker, but it did no  
good. Neither would enter a race be-  
cause the judges threatened to dis-  
qualify them if they continued to ob-  
ject. Hale is angry because of the  
unfair treatment he received.

John Selighe was in town yesterday  
calling on Charles Danberg. He is on  
his way from Buffalo to Harrisburg,  
and expects to make the whole dis-  
tance on his wheel.

Some one filled with unkind  
thoughts and the belief that wheel-  
men have no rights placed a wire nail,  
bent and sharpened, on Fifth street  
Saturday evening. It did the required  
work, and punctured a tire. The  
bicycle club have their eye upon  
some parties suspected of the trick,  
and propose to prosecute them under  
the new ordinance if evidence can be  
secured warranting a warrant.

The race booked for this afternoon  
on the East End track between  
"Dude" Rowe and "Cracker" David-  
son, is off owing to Davidson being ill.

**TRAPPE IS ANXIOUS.**

The Great Amateur Wants to Live in  
Liverpool.

Frank Trappe, the Cleveland rider,  
wants to live in Liverpool, and has ex-  
pressed to intimate friends that he  
would like to ride under the orange  
and blue of the C. C. C. C. He has a  
reputation as a rider, and would make  
a great attraction at a local meet. Al-  
though it is not stated as fact it is be-  
lieved an effort will be made to have  
him come here. He is a butterer, and  
would work at his trade.

**CAREY IS A MARVEL.**

Boy He Must Learn to Hit the  
Ball.

The Baltimore correspondent of  
Sporting Life says that Carey is a  
marvel, a wonder, a fielding  
phenomenon, but he must learn to hit  
the ball.

"He can at least be taught to vary  
that chronic sameness of the swing at

the ball. Every offer he makes at it  
is identical with those gone before.  
He can be made to put a little vari-  
ety into it like the others (except  
Reitz, which is a parallel case) and the  
effect watched. He can be practiced  
with hunting—place hitting—just  
meeting the ball, swinging at it hard,  
body swing, arm swing, something,  
anything until experiment has proven  
that he is not in it. His position in  
batting can be experimented in, and  
he can be shot full of ginger with  
something or other that a careful  
watch of his characteristics will dis-  
close."

**Hence These Tears.**

The smoke from Clerk Hanley's pipe  
was slowly forcing apart the joints in  
the northwest corner in the city build-  
ing when a reporter secured an axe  
and cut his way to where the official  
was seated.

"I see by the paper that the city  
clerk of Massillon has got away with  
\$2,700 of the city money," he remarked  
to the visitor.

"I have observed as much. The city  
clerk in East Liverpool seems a little  
slow," replied the reporter.

Clerk Hanley heaved a sigh that  
could be heard through the three feet  
of nicotine atmosphere which sepa-  
rated him from his visitor.

"We haven't got the \$2,700," and his  
voice was full of sadness.

**Three Days For Maccabees.**

The Maccabees of the state will  
hold a convention in Cleveland, be-  
ginning one week from tomorrow and  
continuing three days. The supreme  
and grand officers will be present, and  
a day's outing at one of the prettiest  
parks in the vicinity will be one of the  
features. A competitive drill of the  
uniformed rank will mark the occa-  
sion, and a big attendance is ex-  
pected, because the first prize is \$200.  
Some East Liverpool members of the  
order will be present.

**Spring Grove Personals.**

Mr. and Mrs. J. T. Burns, of Beaver  
Falls, were guests at the cottage of T.  
F. Milligan yesterday.

Harry Cartwright, of Leetonia, was  
on the grounds yesterday the guest of  
friends.

George Dunlap, of Cleveland, was  
in camp yesterday, having come from  
Cleveland on his wheel. He was the  
guest of his brother, Ervin Dunlap, and  
the Misses Dunlap.

**The Rock Point Picnic.**

Members of the Epworth league and  
the Methodist Episcopal Sunday  
school are making great preparations  
for the picnic at Rock Point three  
weeks from tomorrow. Fully 1,000  
people are expected to attend, as it is  
the only big picnic out of the city  
this year.

**Another Bicycle Meet.**

Charles Usher and Thomas Jones,  
two youthful riders, collided at the  
corner of Fifth and Market streets  
Saturday night. They received bad  
bruises and their wheels were slightly  
damaged.

**The Wire Down Again.**

The trolley wire was down at a  
point east of the power house during  
the exceedingly heavy rain of Satur-  
day evening and several East End  
people walked home.

**For Buffalo Bill.**

The vacant lot owned by the city at  
the northeast corner of Third and  
Market streets will for the first time  
in years be surrounded by bill boards  
for the coming wild west show.

**Willis Davidson Ill.**

League and the Sunday school of  
the First Methodist Episcopal  
church will picnic at Rock  
Point. The round trip is but  
50 cents, and tickets are now on  
sale at Bulger's and the Atlan-  
tic Tea Store.

**Killed Over His Bad Singing.**

New York, Aug. 5.—Antonio Cal-  
doro, an Italian, was playing a guitar in  
his yard when Michael Pasento, an-  
other Italian, entered and volunteered  
to sing an accompaniment. Caldoro  
replied that he did not like his visitor's  
voice. Then there was trouble, and the  
police found Pasento on the sidewalk  
with a terrible gash in the neck, and  
several other knife wounds, from  
which he died after he had several  
times gasped the name of his assailant.  
Caldoro and several other Italians who  
were of the party are under arrest for  
murder.

**A Hard Rain in New York.**

NYACK, N. Y., Aug. 5.—The worst  
rainfall in years has occurred here.  
Streets were flooded and rendered im-  
passable, and much damage was done  
to property throughout the county.  
Fruit trees, which were loaded, were  
stripped of their fruit.

The Catholic Total Abstinence Union  
Likely to Take Up the Matter.

NEW YORK, Aug. 5.—Questions of  
paramount interest to the Catholic Total  
Abstinence Union of America will be  
discussed at its twenty-fifth annual  
convention to be held here this week.  
The present president of the organiza-  
tion is the Rev. Father James M.  
Cleary of St. Paul. So far as is known  
no serious opposition to the re-election  
of the Rev. Father Cleary has developed,  
but it is said that the friends of Arch-  
bishop Ryan of Philadelphia, one of  
the strongest apostles of total absti-  
nence among the Catholic hierarchy in  
the United States, are eager to put him  
forward for the place.

One question to be considered will be  
the recently developed opposition to the  
breweries of the benedictine monks at  
Latrobe, Pa., which has already claimed  
the attention of Mgr. Satolli through  
the petition of the temperance advo-  
cates of that region.

**Two Victims of a Sudden Squall.**

BROOKLYN, Aug. 5.—A sudden squall  
captured the sloop yacht Ella S. of the  
Excelsior boatclub off the foot of Ninety-  
third street. The yachting party, com-  
posed of John Strand, his three sons  
and Arthur Hemmingway, were thrown  
into the water, but Strand and two of  
his sons managed to seize the boat and  
were rescued. His eldest son John and  
young Hemmingway were swept beyond  
reach and drowned.

**Tom Burns Released.**

BROOKLYN, Aug. 5.—Outfielder Tom  
Burns, who has played in Brooklyn for  
a number of years past, has received his  
ten days' notice of release from the  
Brooklyn club. Young Anderson and  
Tredway have been playing so well that  
Burns has been compelled to decorate  
the bench for some time past.

**Skeleton of a Missing Man Found.**

LOWVILLE, N. Y., Aug. 5.—A skele-  
ton, which is believed to be that of Dick  
Scofield, has been found in the swamp  
north of this place. Scofield was miss-  
ing since last May, and it is now sup-  
posed that he lost his way in the swamp  
and died of starvation.

## THAT'S QUEER!

You say a collar and cuff that are  
waterproof?

Yes.  
And perspiration will not affect them?

Yes.  
And when dirty you need only wipe  
them off with a wet cloth or sponge?

Yes.  
Wonderful! How are they made?

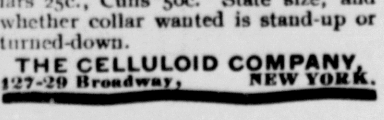

A linen collar covered on both sides  
with waterproof "CELLULOID." Looks  
exactly like a linen collar.

Is it the only waterproof collar and  
cuff made?

No, but it is the only one made with  
the linen interlining and consequently  
the only one that can give entire satis-  
faction, because it is the best.

How can I know that I get the right  
kind?

Because every piece is stamped as  
follows:

Inquire for that and refuse anything  
else, or you will be disappointed.  
Suppose my dealer does not have  
them?

He probably has, but if not, send  
direct to us, enclosing amount. Col-  
lars 25c., Cuffs 50c. State size, and  
whether collar wanted is stand-up or  
turned-down.

**JOY AMONG THE PUDDLERS.**

Ten Thousand of Them Receive a Nice  
Advance in Wages.

PITTSBURGH, Aug. 5.—There is rejoic-  
ing among 10,000 puddlers in the  
United States by reason of an increase  
of 25 cents a ton in their wages. The  
increase went into effect today and  
will give the puddlers and puddle mil-  
lworkers \$4.25 a ton. The prospects are  
that by Sept. 1 they will get another  
advance of 25 cents a ton, making their  
wages \$4.50 a ton.

Official notice was received at the  
Amalgamated association office from  
the bar iron manufacturers of Youngs-  
town, that they had agreed to volun-  
tarily advance puddlers' wages 25 cents  
a ton. The advance comes by reason  
of increases in the selling price of iron,  
and while it was not due, according to  
the scale agreement until Sept. 1, the  
manufacturers thought it was policy to  
let the increase go into effect a month  
earlier. The increase will not only af-  
fect the wages of the Mahoning and  
Shenango valley puddlers, but this class  
of workmen in all Amalgamated as-  
sociation iron mills in Pittsburgh and  
elsewhere. On Sept. 1, the finishers  
will also benefit by a proportionate ad-  
vance. The voluntary advance is con-  
fined by the manufacturers to the pud-  
dlers.

**SILVER DEAD, SAYS PEPPER.**

The Senator Says the Agitation is Dying  
Out in the West.

NEW YORK, Aug. 5.—Senator Pepper  
of Kansas to an interviewer here said:  
"The silver question is the leading ques-  
tion of the hour, but at present in the  
west the agitation is dying out. This  
has been strongly marked during the  
last six or eight weeks. I think it but  
a temporary check, however, and that  
the sentiment is strong with the people.  
Still there are no more public meetings  
now, and the discussion that continues  
is in the newspapers alone."

"I think," said he, "that the silver  
men in the Democratic and Republican  
parties will be swamped when it comes  
to elections. They will talk silver, pro-  
test their allegiance to silver and all  
that, but when the time comes they  
will grit their teeth and stand their  
medicine. They will vote with their  
parties."

**Prominent G. A. R. Recruits.**

NEW YORK, Aug. 5.—A regular en-  
campment of Lafayette post was held  
in the Masonic Temple and added to its  
roll R. W. Meade, rear admiral (retired),  
United States navy; General Daniel  
Butterfield, of the Twelfth regiment,  
New York Volunteers, and General  
Thomas I. Morgan, who served as colo-  
nel of the Fourteenth United States  
colored infantry during the war, and  
was breveted brigadier general United  
States volunteers for gallant and meri-  
torious services.

### LIVES ARE IN DANGER

Fairmount Home Not Right by Any Means.

#### THE PLUMBING IS ALL WRONG

An Inspection By the State Board of Health Brings Out Serious Defects in the Manner of Waste Disposal—A Few Recommendations—Sewage Flows Into the Dam.

All Liverpool knows the Fairmount home where orphan children, unable to care for themselves, are reared in comfort and given an education by Columbiana and Stark counties, and the many people interested in the institution will hear with regret that the state board of health have recently found it necessary to inspect the buildings and their surroundings.

The home is near Alliance and is set in the center of a beautiful tract of land which stretches in fertile fields all about the pretty, yet substantial, buildings. There are always in the near neighborhood of 200 persons there, including the teachers and children, and never before has there been complaint from any one.

Early in June the visiting board of Stark county filed formal complaint with the state board of health and President Stanton detailed Doctor Probst and Dr. J. H. Hartzell to investigate and report to the board. The visit was made in July, and the result handed to the proper authorities the other day. The report is as follows:

"Aside from the plumbing in the building, the drainage outside and the manner of waste disposal there is nothing to complain of. These are pretty much all wrong. The sewer pipes the waste pipes, and all the underground system should be replaced by new, properly built work, and new closets should take the place of the slouchy and dangerous arrangements now in use. The traps are defective. Their putrid joints stand open and leaky. Important protective parts are made of tin which are rusted through. The waste sewer, under the entire length of the house, is of common earthenware pipe laid under a few inches of earth, the joints of which are, in places, open and leaky. This sewer passes only a few inches beneath the wooden floor of the kindergarten room. Escaping steam wastes into it and volatilizes and fills the air with stench. On entering this kindergarten room the nose was instantly assailed by the characteristic sewage smell. Both children and teachers have been affected with throat diseases and other maladies arising from such a sanitary condition.

"The waste passes by a six-inch pipe sewer into a dry run about 1,000 feet from the main building. This pipe is broken and leaks in several places. The channel to this run is foul beyond expression. Moreover at the time of our visit by reason of the continued dry weather, resulting in the detention of the decomposing sewage in the bottom of the run. Storm water freshets scour the run of a large part of its sedimentation and carry the same over the premises of farmers below and on into the Mahoning river above the waterworks in take of the city of Alliance. The farmers complain of the damages to which they are subjected. The superintendent of the Alliance waterworks seized the occasion to advise me that his company has just determined to employ an attorney with a view to rectifying the injury which menaced the city's drinking water supply. It is recommended that the county commissioners of Stark and Columbiana counties take speedy measures to remedy these defects. Imperiled health renders the case urgent. It is recommended that a sanitary engineer have supervision of the plans and work. It is recommended that the output of the sewer be purified before admitting the water into the run. The sewage reaches the banks of the latter at a sufficient elevation to admit of land purification, or of either of the methods of treatment that have been approved by experience."

#### NO MONEY.

No Railroad From Lisbon to the River Next Year.

"I am interested in any railroad that will be built from Lisbon to the river," remarked a land owner to a reporter today, "and make it my business to investigate every new scheme I hear about, because it is money in my pocket to know all there is to know about them, and to the present time I have heard of no railroad that amounts to anything. The NEWS REVIEW told the truth about coal being leased and right of way secured on the creek, but it didn't tell all the story. The people who are doing this have no money

themselves to build an expensive line such as that is sure to be, and they must depend on New York. There are millions tied up in that town awaiting investment, but very little of it is going into railroad building this year. There may be conditions entirely different next year, but the projectors of that line will have to go east for their cash. I know a road up that valley would pay, and every one else knows it who takes the trouble to investigate. The timber is first class, and there is a fortune in stone there, and I tell you stone is quite a thing these days."

The speaker is in position to know what he says, and came to this city for the sole purpose of following up the stories regarding proposed railroads. He thinks, however, that East Liverpool has a splendid future.

#### GOOD NEWS AND BAD.

Both Varieties In the Same Letter About John Kreps.

Last week the NEWS REVIEW made mention of the fact that although it was reported that John Kreps, a young man formerly a baker in East End, had died in a Pittsburg hospital, his former landlady did not believe the story.

A letter received from Pittsburg confirmed her belief later, and it contained the good news that he was still alive and the bad news that he must undergo an operation, which might mean death. Mr. Kreps has been a cripple from blood poisoning in one of his legs and went to the West Penn hospital for relief. Since that time the disease changed to the other leg, and the ultimatum was that he must part with the well left leg or die. The operation was to have been performed Saturday, but no word of it has yet been received. The attending physicians stated that it might be necessary to amputate both legs.

Mr. Kreps' misfortune is regretted by all, as he was a very popular young man. He became a zealous member of the Second Methodist Episcopal church several months ago.

#### A SERMON ON SWEARING.

Doctor Lee Showed the Extent of the Evil.

At the First Presbyterian church yesterday morning Doctor Lee preached upon "Hallowed Be Thy Name," and gave some figures regarding the extent of profane swearing as practiced in this city. The figures showed the sin to be well woven into the lives of people who walk the streets. At the evening service Doctor Gilson, a class mate of Doctor Lee, delivered an excellent sermon.

Reverend Smith, a colored student from the Allegheny seminary, will preach in the Second United Presbyterian church every night this week except Thursday. Next Sabbath communion will be administered. Reverend McKelvy, of Calcutta, is assisting.

The Sunday schools of East End will hold their picnic at Columbian park next Thursday, and preparations are being made for a large attendance. Reverend Smith will lecture during the day on "Life in the South," giving some personal experiences.

#### DROPPED A BOTTLE.

An Incident at Spring Grove Camp Ground Yesterday.

A respected Wellsville man came to grief at the camp ground yesterday. He was tripping merrily down the hillside toward his buggy in the rear of the dormitory. He carried a basket, the contents of which were covered with a portion of a newspaper. He looked around as someone spoke his name and as he answered the salute his foot caught in a root. He came near falling and released his hold on the basket. Accompanying the crash a big beer bottle rolled about on the ground. The man's face assumed the hues of the rainbow with the quick changes of a kaleidoscope and he made a dive for the bottle. The wind blew the paper away and he ran after that. Then he returned, packed his basket again, looked sheepishly at the smiling crowd and hurried away.

#### TRADE IN TRENTON.

They Expect Great Things During the Fall.

The Trenton correspondent of the Crookery World says:

"The inquiries being received here bear witness to the interest manifested by the retail trade in the new move of the American pottery manufacturers, and while it is yet too early for any great manifestations of returning trade, it is very evident that the local potteries will be well represented in the distribution of fall trade. The month has been largely one of preparation, the new lists have been printed and distributed, new shapes and decorations are well under way, and everything being made ready for an early aggressive movement next month."

### AGAINST SUNDAY WORK

Ministers Attacked the Pennsylvania Company.

#### IT WAS AN ABSOLUTE NECESSITY

And the Objection Was Withdrawn on a Clear Explanation From Pittsburg—The Authorities Were Willing and Ready to Lend Their Aid.

The preachers of this city are nothing if not ever watchful for the Sabbath desecrator, and they made bold on Saturday evening to move against no less powerful sinner than the Pennsylvania company.

When Dr. John Lloyd Lee read in the NEWS REVIEW that a large body of workmen would be here on Sunday morning and would spend the day in changing the tracks at the passenger station, he at once sought out Reverend Taggart, and together they called on Squire Rose. He informed them that an injunction was the right thing, and an application was promptly made. Mayor Gilbert at once notified Agent Hill, who communicated with the officials in Pittsburg. They evidently gave the matter careful attention for later in the evening Agent Hill received notification that the work was a matter of necessity, and asked that the ministers withdraw their objection.

In company with Chief Gill he called upon the ministers, and they were shown that the company could not do the work without greatly inconveniencing passengers and suspending operations. The company made out such a good case that the ministers decided to withdraw their objection and let the work go on. They were then than pleased with the desire of the authorities to aid them in preventing the work, and if the company had persisted in the move without proper authority there is little doubt that Mayor Gilbert would have had a few cases today.

#### THE LAST SUNDAY.

Big Crowds Were at Spring Grove Yesterday.

The last Sunday at Spring Grove was successful in every way, the strangers in camp numbering 1,800. The morning sermon was preached by Reverend Johnson to a large audience, and Doctor Burt was heard by even a greater crowd in the afternoon. Reverend Johnson preached again in the evening, and after he had fully covered the ground allowed by the text, Mr. Walker gave an interesting history of the organization. The crowd at the evening service was large, and the meetings throughout the day were characterized by no incident that would prompt a suspicion of disorder. There were no conversions, but the interest shown in the meetings was marked.

The crowd was made up largely of Liverpool and Wellsville people, but several hundred farmers, with their families, were there, while wheelmen from all parts of the county, Beaver and Jefferson counties were present. The cottagers entertained their many friends in splendid style, and the day was in every way a representative last Sunday of camp meeting.

#### OPPOSED TO FANATICS.

City Officials Want Diamond Exhibitions Stopped.

"I was walking through the Diamond last night," said a city official today, "and I heard an exhibition which so completely disgusted me that I walked away. Some man was there waving his hands, and demanding of the crowd about him who was the father of Adam. Such nonsense as that is enough to make the ordinary man sick. Religious cranks are becoming more numerous and dangerous every day, and I think they get a lot of their inspiration right there in the Diamond."

#### LOOKING FOR HIS WIFE.

She Left Last Week and Has Not Yet Returned.

A West-End man is in a ferment because of the disappearance of his wife. He went home one day last week and they quarreled, and the woman left the house. The husband imagined she would return, but as the days went by and her face did not appear he began to think she had wearied of him, and was gone forever. He was looking for her this morning, but could not find her in the city, Wellsville or the East End.

#### THREE BOYS AND A BOTTLE.

They Figured Prominently in a Sixth Street Incident.

Three young men, not one of whom could boast the legal age, stopped in front of a Sixth street residence on

Saturday night, and with a species of profanity which disgusted residents for half a block quarreled over the possession of a bottle of whisky. At length it was decided to divide the contents of the bottle right there, and as there was no other bottle in which to put the liquid they put it into themselves, and walked away swearing as loudly as before the quarrel. All were under the influence of liquor, some being staggering drunk.

#### A GOOD DINNER.

Fernwood Boys Feasted on the Fat of the Land.

Frank Grosshans, Charley Kelly, Will Hill, George Davidson, Joe Cartwright, Sterling Newell and Frank McHenry made up a lively party at Fernwood yesterday. Three of the boys did not leave town until after the rain started on Saturday night, and the horrors they encountered while driving over the hills would fill a book. The event of yesterday was dinner, when an elaborate menu was disposed of. There was soup and fish, and four different roasts, while five vegetables graced the festive board. Desert was made up of pudding, while coffee, tea, milk and Beaver water with fruit, crackers, cheese and cake kept the hungry crowd from starvation. It was a day of pleasure, and some of the boys came home last evening filled with joy. The boys still in camp are catching some of the finest fish ever taken from Little Beaver.

#### COLD WEATHER.

Professor Foster Has a Lot of Painful Predictions.

Professor Foster predicts some cold weather for August. He says unusual weather may be expected, unusual in many respects. Killing frosts will occur in some portions of the northern states. These frosts will probably occur at two periods in the month with an interval of about two weeks. Of course extensive frosts are not expected in this mid summer month. These frost dates will come with the cool waves expected to cross the continent from the 6th to the 10th and 18th to 22d. The cool weather of August will probably retard the corn crops so that late corn will be injured by the general killing frosts about the middle of September in the northern corn belt.

#### RINEHART WILL SUE.

The County Owes Him For a Broken Buggy.

Harrison Rinehart has a grievance against the county, and it is likely that a few hours in court will be required before they can reach a settlement. On Saturday night one of his buggies was being driven along the Wellsville road by a Beaver man. When he reached the bridge near Walker he did not know that it was unprotected by a guard rail, and drove over the side. The horse was not hurt nor was the driver, but the buggy was a model of mash. Rinehart will hold the county, because the place has always been observed as a dangerous spot which sadly needs the attention of someone in authority.

#### A SICK MULE.

Wonderful Because It Was the First in History.

Doctor Wannamaker is a veterinary of long experience and has in his life time dealt with animals of every kind, but on Saturday he was called to treat the first sick mule he ever saw. It was swelled so that it could scarcely pass through an ordinary stable door, and when the doctor began to lance it three men were required to hold it down. Ordinarily two men can control the largest horse with ease. The mule bounced around as though it was in a griddle over a hot fire, and displayed marvelous strength.

#### HIT WITH A STONE.

Donald Keffer Suffers From a Hard Knock.

One day last week Donald, the little son of Harry Keffer, was playing with a party of boys on Thompson hill when he was struck on the head by a stone thrown by a son of Reverend Huffer. Nothing was thought of it at that time, but on Saturday night he became delirious, and a physician was called. The boy was very ill yesterday, and even today the extent of his injuries have not yet been determined. It is thought that he sustained a concussion of the brain, and the result is yet in doubt.

#### TREASURER COPE HERE.

He Took Dinner In the City and Left This Afternoon.

Captain Cope, treasurer of Ohio, was in town today, the guest of Colonel Taylor. He took dinner here, and left this afternoon for Wellsville. From there he will go to Kensington, returning this week to Columbus.

### THE FIRST DOG CASE

Mayor Gilbert Had a Victim Today.

#### A LAD WAS BIT ON THE HAND

The Owner Said the Boy Abused the Animal and It Only Acted On the Defensive—It Was Ordered Killed—The Mayor Has Some Ideas on the Dog Matter.

The first dog case of the season came before Mayor Gilbert this morning, and he dismissed it with the order that the dog be killed.

The complainant was a deaf and dumb boy named Hester, who resides on Chestnut street. He showed the mayor a hand that was swollen and looked as though it was causing its owner pain. The boy explained as well as possible that he had been bitten by an unmuzzled dog owned by Jack McDonald. The mayor sent for McDonald, who, by the way, is the man who created dissension in council when the police appointments were being considered, and he came in. He defended himself by saying the boy had abused the dog in throwing it in a creek, and the dog had retaliated. After the accident he had locked the dog in a room, but the animal escaped last night. He promised to have the dog killed as soon as he was found, and the mayor let him go.

Mayor Gilbert has some strong ideas on the dog question, and inclines to the belief that dogs do not become vicious without cause. The other day he ran across a crowd of boys who were stoning a muzzled dog, and at once realized how mad the dog would get if it only had the power to bite. The dog question is a vexatious one, and the authorities are doing all in their power to abate the evil.

#### ONE ARREST.

But the Mayor Has No Charge For It.

There was some mystery at city hall concerning an arrest that was made on Saturday night. Two men came together on Market street about midnight, and one gave the other a hard knock in the face. Officers Jennings and Earle were called and the man was quickly placed under arrest. There were no prisoners in jail this morning in spite of the capture, and the mayor has no case on his docket. He is wondering what became of the matter.

Officer Meador was notified this afternoon that Elsie Moore's cow was running at large in West End. He went to look after it.

#### F. A. MAGOWAN RETURNED.

The Trenton Potter Fooled the Newspaper Men.

Frank A. Magowan, the wealthy Trenton potter, is home again and indignant at the wild newspaper accounts of his absence. He claims to have been in Chicago, and laughs to scorn the report that he went away with Mrs. Barnes, who was with her mother, sister and brother, and all of them are now visiting friends in Chicago. Magowan claims to be worth a million dollars. A local paper was among the number taken in by the Trenton reports.

#### GOT A JOB.

Judge Young Made an Appointment Today.

Special to the NEWS REVIEW.  
LISBON, Aug. 5.—Judge Young today appointed L. T. Farr, of Rogers, commissioner of insolvents for a term of three years. He gave \$1,000 bond.

Court convened this afternoon for the settlement of a few cases and the winding up of business.

#### Commenced the Ditch.

Workmen this morning began the long ditch that will carry water to the people on Lisbon road. This is probably the last of the expensive improvements made by the water works this year. The work has cost a pile of money, but has so increased the protection against fire that it is money well spent.

#### At Camp Tribby.

About 20 young people ate dinner with the club at Camp Tribby yesterday and 20 more were there for supper. The club is earning a reputation as hosts, and their cooking is said to be fit for a king. A party of wheelmen expect to visit the camp Wednesday evening.

PROTECTION first, last and all the  
time is the watchword of the natural  
protector of the nation, the Repub-  
lican party.

THE gold reserve continues to hold  
more millions than the law requires,  
but the debt of the nation is growing  
with every day.

PRESIDENT CLEVELAND and his  
cabinet seem to be working Uncle  
Sam for all there is in his rapidly  
flattening wallet. Even light house  
tenders cost money.

THE conflicting stories published  
by the opposing factions of the county  
Democracy warrant the belief that  
some one is working wonderfully  
on his imagination for argument.

GENERAL BUSHNELL is a hard work-  
ing man; one of those enterprising  
business men whose faculties only rest  
when he is buried in slumber. Al-  
though enjoying the cool air of Ma-  
cine, he is a living reality in cam-  
paign preparations, and not a day goes  
by without some suggestion being  
received by Chairman Kurtz from his  
busy brain. The next governor pro-  
poses to make a personal visit to every  
county in the state, and give the peo-  
ple an opportunity to see what he is  
like.

## THE POPULIST PLATFORM.

The convention that nominated  
Coxey for governor in Columbus the  
other day was kind enough to erect a  
platform of planks in order that the  
average man could be warned of their  
doctrines, and keep away if he did not  
like them. They ratified the Omaha  
platform and after expressing them-  
selves in favor of the wild schemes of  
Mr. Coxey, declared they wanted more  
money coined from paper. Then they  
gave the old yell about the free and  
unlimited coinage of silver, and tacked  
to it the declaration that they didn't  
care what the other nations did re-  
garding the ratio. Public monopolies  
were disposed of with the demand  
that they be nationalized, and the is-  
suing of interest bearing bonds at any  
time, in peace or war, was called  
treason. Eugene V. Debs was given a  
pat or two on the shoulder to cheer  
his prison life, and the delegates said  
they were in favor of a law that will  
make unlawful any bond, note, mort-  
gage or other obligation that was made  
payable in gold only. As if not satis-  
fied with that is curtailment of personal  
liberty they demanded the immediate  
abolishment of the national banking  
system, pretending to see danger in  
what has proven a safe and reliable  
currency. In addition to this list of  
theoretical nonsense they adopted  
what they were pleased to call a state  
platform in which they want official  
salaries reduced; and the people to  
pay taxes on what they own, not on  
what they owe. A bid was made for  
the miner's vote in favoring a law for  
the size of coal screens, but no one  
can imagine who they wanted to catch  
when they favored placing the liquor  
traffic in the hands of the state with-  
out profit. Taken separately or as a  
whole, the list of principles is what  
could be expected from men who  
would follow the leadership of the  
commonwealer. His fanciful nonsense  
appears everywhere, and his presence  
on the ticket is proof that he has at-  
tained the notoriety he has so long  
sought.

# PLOT FOR QUEEN LIL.

Another Filibustering Plan Ex-  
posed in San Francisco.

SPECKLES' SON IS BACKING IT.

A Gigantic Scheme to Seize Millions,  
Confiscate Property and Run Dole and  
His Followers Out of the Country—A  
Reporter Uncertain of the Plot.

SAN FRANCISCO, Aug. 5.—A local  
paper prints a story exposing the al-  
leged plot to restore Queen Liliuokalani  
and loot Honolulu. Rudolph Spreckles,  
youngest son of Claus Spreckles, is said  
to be backing the scheme. Its object is  
—or was—to take the Hawaiian repub-  
lic by force of arms, restore to the  
throne ex-Queen Liliuokalani, divide  
money and odds worth approximately  
\$27,000,000 among some 200 freebooters  
picked up by ones and twos in West-  
ern America.

The active agents of the conspirators  
is W. F. Morrow, a native of Connecti-  
cut, aged 31, and he, says, recently a re-  
sident of Grass Valley, Cal. He is still  
in San Francisco under surveillance, so  
that the federal authorities can get him  
if they are inclined to do so.

The headquarters of the filibustering  
expedition has been at 711 Bush street,  
a dingy flatfronted boarding house, and  
has answered an advertisement for tim-  
bermen and hunters for a prospecting  
party, and after agreeing to go the plot  
was revealed to him.

Morrow said: "In the city of Hono-  
lulu the Dole government claims 3,000  
adherents and of these 3,000 there are  
1,000 who are friends of the royalists,  
and out of the 120 men who make up the  
standing army, we claim to have  
five men who are ready to do the bid-  
ding of the revolutionary party, and  
out of the militia we can command  
the services of 50 men."

"The proposition is to capture the  
five steamers that ply between the is-  
lands and then approach Honolulu and  
capture the revenue office and the bank  
of Bishop & Co., there being from  
\$200,000 to \$300,000 in the revenue boxes  
and bank. The proposition in regard  
to the queen is to place her on the throne  
as a mere figurehead, the head of the  
revolutionary party to be in control of  
affairs."

"Rudolph Spreckles has planted 1,000  
stands of arms to be used by the revolu-  
tionists on the island of Maui," con-  
tinued Morrow. "The Spreckles have  
little use for the provisional govern-  
ment. They could furnish arms to the  
natives except that the natives could  
not use them, and to this fact I attri-  
bute the failure of the last uprising."

"In the party that is to leave from  
here is three or four men who are ac-  
quainted with every inch of the island.  
Among them are Volney B. Ashford,  
the head of the last affair in name. I  
say in name because Ashford is partly  
to blame for the last affair. We have  
an attorney who is giving us advice and  
who is to accompany the expedition.  
His name is Bashford."

"In regard to the makeup of the  
party there are about 200 men, nearly  
all cowboys from New Mexico, Arizona  
and Texas, and most of them are here  
scattered around."

Morrow said that the natives and  
people in the islands would welcome  
the revolutionary party, as he expressed  
it, "would consider it like getting out  
of hell into heaven," to have the govern-  
ment monarchical again.  
"The first point after landing will be  
to take the firearm system, and the  
next point will be the telephone system,  
in order to cut off communication,"  
said Mr. Morrow. "Next will be the  
police station, where there are only  
about 20 men, whose arms and ammu-  
nition are on the upper floors while the  
men are down below. Next would be  
the palace where the galling guns are  
stationed on a piazza. We also depend  
on some of our spies to cripple a couple  
of the galling guns. Next we shall  
take the government building, which is  
guarded by only 12 men. After cap-  
turing these points we will leave men to guard them. We think  
that we ought to capture the city within  
half an hour, as the points are so  
weakly guarded. At the palace our  
men could be behind the fence that sur-  
rounds the grounds and pick off the  
gunners from a place of safety, and as  
soon as their ammunition had been ex-  
hausted the revolutionists could rush  
in and capture the guns and gunners."

Morrow then said that Dole and his  
adherents were to be sent out of the  
country and their property confiscated  
and distributed among the filibusters.

## HIS BOMB KILLED HIM.

An Anarchist Killed After Wounding a  
Mine Manager in France.

DOUAL, France, Aug. 5.—During the  
fetes in the mining district of Aniche  
to celebrate the jubilee of M. Vuillemin,  
manager of the Aniche Colliery com-  
pany, an anarchist named Decoux at-  
tacked the crowd fired five revolver shots at M.  
Vuillemin while he was leaving the  
church. Three of them took effect,  
though the wounds they inflicted were  
not serious.

Directly afterwards a tremendous ex-  
plosion was heard, and Decoux's body  
was hurled several yards, while ten  
of the bystanders were thrown to the floor  
injured by the explosion. Decoux's  
father rushed upon the prostrate body  
of his son and kicked him, exclaiming,  
"Canaille, assassin."

Decoux had been carrying a bomb be-  
neath his coat which was prematurely  
exploded. Decoux was dismembered  
and terribly mutilated, and expired im-  
mediately. He was dismissed from the  
society after a strike in 1893.

## Pope Says Mass For Americans.

ROME, Aug. 5.—The pope said mass  
Sunday morning in the hall of the con-  
sistory in the presence of the American  
pilgrims who are here, a deputation  
of the passionist Fathers of America and  
about 200 American tourists. Bishop  
Burke afterwards presented the pil-  
grims to the pope, who, standing in  
front of the altar, said a few kindly  
and consoling words to each.

## La Touraine Behind Time.

NEW YORK, Aug. 5.—The French  
Line steamship, La Touraine, from  
Havre, has come into port 24 hours be-  
hind her usual time, owing to a mishap  
to her machinery during the voyage.

# NEW YORK PRETTY DRY.

Conlin Says It's Impossible to Entirely  
Enforce Sunday Closing.

NEW YORK, Aug. 5.—The reform po-  
lice administration enforced another  
dry Sunday in the metropolis yester-  
day. Many patrolmen were on duty in  
citizens clothes to watch the saloons,  
and they had the assistance of mem-  
bers of the City Vigilance League, who  
reported supposed violation of the law.

Acting Chief Conlin said that he had  
traveled about the city considerably and  
felt gratified at the results of his cam-  
paign. Although the saloons were shut  
up pretty tight to all outsiders, it was  
apparent that many of them were do-  
ing business in a quiet way with their  
friends. Acting Chief Conlin practi-  
cally admitted that it is an impossibility  
to stop the sale of liquor in every  
section of the town, when it is possible  
for a saloonkeeper to supply the tenants  
in the building in which his place is  
situated, either from the saloon or from  
a room on some other floor of the house.  
"Where there is a demand," said the  
acting chief, "there is likely to be a  
supply some where."

The unique organization, known as  
the Girder club and fathered by Oliver  
Summer Teal, was opened for the first  
time and many paid the nominal dues  
for membership and partook of liquor  
refreshments there. Both Mr. Teal  
and his lawyer were emphatic in say-  
ing that it was not within the province  
of the police to molest them without  
closing up such places as the Union  
League and other clubs.

## KILLED 49 REPTILES.

A Huge Snake Farm of the West Vir-  
ginia Variety.

CLARKSBURG, W. Va., Aug. 5.—Near  
Highland, Ritchie county, on the farm  
of Mrs. Maria Reed, Frank Schofield,  
John Kraus and two other farm hands  
were going to work in a field about a  
quarter of a mile from the house when  
they were startled by a hissing sound,  
like that made by several geese. They  
turned and were surprised to see a  
snake about four and one-half feet  
long. The snake was killed, whereupon  
another not quite so large appeared. It  
was also killed and its place taken by a  
third. A fourth one appeared, but  
escaped into a pile of brush.

The men decided to find out if there  
were any more snakes in the brush pile  
and set it on fire. In a few minutes  
the snakes began to run in all direc-  
tions, and by the time the fire had  
burned out 49 snakes had been killed,  
ranging from length from ten inches to  
five feet. The snakes were all one spe-  
cies, and of a sort not known here-  
abouts. They were yellow and brown  
spotted, the spots being the size of a  
dime to the size of a half dollar.

## Green Goods Men Get \$300 For \$20.

BETHLEHEM, Pa., Aug. 5.—Jesse  
Shively, who said he was a rich farmer  
from the upper end of Monroe county,  
has been hounded out of \$300 by green  
goods men. The swindlers left him at  
the Union depot, first warning him not  
to open the box until they had gotten  
out of the city. The green goods men  
had no sooner boarded the train for  
New York than Shively opened the  
box. It contained a genuine \$20  
bill and a lot of cheap paper instead of  
\$3,000.

## An Appeal For Mrs. Waller.

WASHINGTON, Aug. 5.—The counsel  
in the Waller case have issued an ap-  
peal to the colored people of the United  
States to help raise a fund to bring  
Mrs. Waller and her children from the  
Island of Mauritius to the United  
States. The attorneys are: Messrs.  
Crammond Kennedy, John M. Langston  
and W. T. McGuinn.

# NO AMERICANS KILLED.

The Victims of Chinese Fanatics  
Were All Britishers.

TEN MISSIONARIES MURDERED.

Two Americans, One a Man and the Other  
a Woman, Wounded by the Rioters,  
But Made Their Escape—The Expe-  
riences of the Victims Terrible.

WASHINGTON, Aug. 5.—The state de-  
partment has received later intelligence  
of the killing of the missionaries in  
Ku-Cheng, China. The dispatch, like  
the one received Saturday, was from  
Consul General Jerriam, and shows that  
no Americans suffered, but that the  
massacre of British subjects was  
greater than at first reported.

The consul general's dispatch is in  
the following words: "Americans all  
safe. None hurt. Ten British killed."

The Rev. Mr. Stewart, wife and child  
were burned in their house. The Misses  
Yellow and Marshall, two sis-  
ters named Saunders, two sis-  
ters named Gordon and Steetie  
Newcombe were murdered with  
spears and swords. Miss Codrington  
was seriously wounded about the head,  
and the Stewards' eldest child had a  
kneecap badly injured, while the young-  
est had an eye gouged out. The Rev.  
Mr. Phillips, with two Americans, Dr.  
Gregory and Miss Hartford, were both  
wounded, but arrived safely at Fu-  
Chau-Fu.

The London Standard's special from  
Shanghai says that the news of the  
massacre was suppressed for three days  
by the Chinese officials.

"Their experiences," the dispatch  
continues, "were terrible, and death  
was the least part of the sufferings of  
the butchered women."

Another telegram says that all the  
murdered ladies belonged to the Church  
of England, Zenana mission.

Minister Denby has been cabled to

sociation of Pittsburgh and Twin Cities  
National Building and Loan association  
of Pittsburgh and Allegheny to appear  
in court Aug. 13 and show cause why  
their affairs should not be wound up by  
receivers. The books of these associa-

sets as follows: Hamilton, \$7,467.00;  
Phoenix, \$1,471.11; Twin Cities, \$1-

## Negroes Run Out by Whites.

SING VALLEY, Ill., Aug. 5.—Location,  
a patch of some hundred odd company  
houses near No. 3 shaft, inhabited al-  
most exclusively by negroes, has been  
visited by a mob of 500 white miners  
from this city and given a taste of mob  
violence. Five colored men held up a  
white man named Barney Role between  
this city and Location, and after robbing  
him of nearly \$100 in money fired three  
pistol shots into him and left him for  
dead. Role is the third man shot at  
Location in the past few weeks. The  
whites shot some of the negroes, tore  
down their houses and run them out of  
town.

moned several hours later the poison  
had permeated her entire system, and  
death resulted soon after.

Holmes and Quinlan, and the legal  
documents will be applied for today. A  
part of one of Mrs. Conner's dresses  
has been found and identified in Holmes'  
house.

## Pointed the Gun at His Wife.

CHICAGO, Aug. 5.—While John Wishu  
was shooting at a rifle target in his  
yard on Pulaski street, Mrs. Wishu  
playfully said: "Shoot me here," point-  
ing to her breast. To carry out the  
joke her husband pointed the gun at  
her, when it was discharged, the bullet  
penetrating her left breast and inflicting  
probably a fatal wound.

that he be not required to furnish bail.

mon laborers, will be affected.

## Cautions about the Use and Selection of Spectacles.

"Persons having normal vision will be able to read this paper at a distance  
of 14 inches from the eye and see every letter clearly. If they are unable to do so, they are defective and  
should have their eyes examined by a competent optician. It is a common mistake to suppose that a pair of  
spectacles will cure a defective vision. In fact, a pair of spectacles will only make the defect more  
pronounced if they are not properly fitted. The only safe way to get a pair of spectacles is to have  
them made by a competent optician. He will examine the eyes and determine the exact nature of the  
defect, and then he will make a pair of spectacles that will correct the defect and give the wearer  
normal vision. It is a good idea to have the eyes examined every year, and to have a new pair of  
spectacles made when the old ones become worn or the vision becomes defective."

## HAVOC OF LIGHTNING.

A Church Badly Wrecked at Mahertown, Pa.

TWENTY WORSHIPERS INJURED.

Shoes and Clothing Torn From Some of the Worshipers by the Bolt—A Girl's Watchchain Melted—One of a Party Killed Near Hollidaysburg, Pa.

QUAKERTOWN, Pa., Aug. 5.—The Methodist church of this place was struck by lightning, Sunday, and 20 persons were prostrated. Those seriously hurt are: James Hoff, justice of the peace; Minnie France, Mrs. Kuhl Hoffman, Mrs. John Wilson; Asa Bauman, sexton, and Mrs. Bowman, wife of Rev. F. L. Bowman, pastor of the church.

Nearly all of these were knocked down by the stroke, and it is feared that death will result. Minnie France is in a critical condition.

Dr. Bowman had just pronounced the benediction at the morning service, when the bolt struck the belfry, running around the edifice under the weatherboards, and down under the flooring. The services having been all but concluded, many persons were in the vestibule and aisles of the church. Besides those named, 14 persons were maimed and scarred. The houses of the town were turned into emergency hospitals and the victims are there being cared for.

Sexton Bauman had his coat torn from his back and one of his shoes was stripped as by a knife. Minnie France was in her pew when the bolt tore through the floor. Both shoes were torn from her feet, the crown of her hat was wrenched away, and her watchchain was melted into liquid. James Hoff was prostrated in his pew, and most of his clothing was torn from his body. Horses broke the tieposts outside the church, and many of them ran away. A veritable panic followed the stroke. After the excitement had subsided, it was found that the 600-pound bell in the cupola was hanging almost by a thread, while fully 100 persons were directly under it. The church edifice is almost a wreck, as the lightning penetrated from all sides.

A Hollidaysburg (Pa.) special says: During the progress of an electrical storm, a party of nine persons from Williamsport, Pa., who had been traveling in a 4-horse wagon, overland, took refuge under an oak, three miles west of this city. The tree was struck by lightning and the members of the party suffered the full shock and effect of the electric fluid. John Miller, aged 19, was killed outright. His sister, Jennie Miller, and Mrs. John Fay were severely burned about the face and body, and their recovery is doubtful. The other men and women escaped with lesser injuries. The dead and wounded were removed to the Blair county almshouse, and medical aid was summoned. The relatives of the party at Williamsport were notified.

## A RULER FOR ARMENIA.

The Powers Will Appoint a High Commissioner—Turkey's Answer.

CONSTANTINOPLE, Aug. 5.—The reply of the porte to the demand of the powers for reforms in Armenia is conciliatory, and so many points agree with the powers' demands. It proposes to appoint Christian assessors to assist the Turkish provincial government, and to admit a proportion of Christians among the minor officials, police and gendarmes, and also promises to restrain the Kurds from violence. At it also declares that some of the powers demands are unacceptable, or impossible of execution. It is probable that the powers will not be satisfied with the reply.

A London special says: The Anglo-Armenian association learns from Constantinople that the signers of the Berlin treaty have agreed to send a note to the porte announcing that as Turkey is unable to protect the lives of her Christian subjects the powers have decided to appoint a European high commissioner with vice-regal authority to administer Armenia in the name of the sultan. Probably Baron von Kallay will be appointed. He comes from an ancient and noble family of Hungary. In 1881 he was minister of foreign affairs for the empire during the interim between the death of Count von Haymerle and the nomination of Kainoky. In 1882 he was minister of finance in the Austrian cabinet, and at the same time administrator of Bosnia and Herzegovina under the Berlin treaty, and has given attention to the eastern question all through his public life.

## Twenty Rioters Killed in Tabriz.

TEHRAN, Aug. 5.—The scarcity of bread and the closure of the bazars, to prevent disorders, has led to serious rioting in Tabriz. The troops dispersed the rioters, 20 of whom were killed. The mob carried the corpses to the Russian consulate, and demanded protection against the soldiers. The consul thereupon visited the governor who promised a reduction in the price of bread. Nothing has yet been done in the matter, and the troops were still firing on the mob when this dispatch was sent.

## CLEVELAND A HAPPY FATHER.

He Writes of His Joy to an Admirer in Cincinnati.

CINCINNATI, Aug. 5.—A. O. Kaplan of this city, recently received a letter of thanks from President Cleveland. Mr. Kaplan has sent the president a book entitled "Baby's Biography," upon the birth of each of his little daughters, and did not forget the president in the case of the last. President Cleveland acknowledges the receipt of the third book, July 18, while at Bazar's Bay, in the following letter:

"On behalf of the parents of our little child, I desire to thank you for the 'baby's biography' which you kindly sent us.

"We hope the records which will be made in this book will be full of joy and comfort as those which adorn the pages of the biographies of the elder sisters—for which we are, also indebted to your thoughtfulness and friendliness.

"As the contented and happy father of three girls, I desire, from the bottom of my heart, to congratulate you, who are the father of four of these great treasures."

## OHIO'S NEW SALARY LAW.

A Test Case Regarding Counties Commenced at Upper Sandusky.

UPPER SANDUSKY, Aug. 5.—Whether or not a county has a right to adjust its own salaries for county officials will be determined here by a case which commenced here today. At the last session of the general assembly an act was passed changing the compensation of the county commissioners of this county from payment for time and mileage to \$800 per year salary.

Commissioner Hershberger brought suit to recover compensation under the general law of the state. If Hershberger loses, this will be a straw for every county in the state and will be far reaching in its result.

## Big Increase in Wages.

LEBANON, Pa., Aug. 5.—The Pennsylvania Bolt and Nut company have notified the employees in the puddle and rolling mills that their wages are increased 10 per cent, the order to go into effect on Aug. 16. This is the second increase of 10 per cent within a month, and the puddlers will now receive \$4.00 per ton. The Lebanon Iron company has also notified their employees in the puddle and rolling mills that their wages have been increased 10 per cent, to go into effect at once.

## Indians Back on the Reservation.

MARKET LAKE, Ida., Aug. 5.—When General Coppinger heard of the excitement among the settlers in Swan valley, he ordered Company C, Eighth infantry, to proceed there at once. This was before the official investigation disclosed the fact that the Indians in that vicinity were all peaceably returning to their reservations. The company will probably not remain long at Swan valley. All the Indians have returned to the reservation.

## Died From Hard Racing.

CLEVELAND, Aug. 5.—The trotting mare Penelope died at the Glenview track from the effects of hard racing here and at Detroit. The mare was entered by the Chesapeake stable at Baltimore in 2:17 class. She started in the race on Friday and won the first two heats in 2:12 3/4, and 2:13 1/2, but was withdrawn before the race was finished. Penelope was valued at \$1,500.

## LOCAL BREVITIES.

A vast amount of baled straw is being received in the city for the potteries.

The Daughters of St. George are picnicking at National Park this afternoon.

Mrs. T. W. McCain, of East End, is recovering from a severe attack of rheumatism.

Mrs. Jay Hagque is confined to her home in East End with a threatened attack of fever.

A few drunks were seen on the streets yesterday afternoon, and a keg did duty for a few thirsty souls outside the city limits near the West End.

The program of sporting events for Labor Day will be filled with local advertisements, the committee now at work being well received where ever they go.

Doctor Huston on Saturday said the words which bound together for the rest of this life Mr. John M. Deice and Miss Maggie E. Payton, both of this city.

Increased forces were the order at many potteries this morning, and more men are at work today than have found employment in the city for many months.

Jack Everson, the well known Wellsville young man, who has been ill for months is somewhat better, but still so far from recovery that he is in a dangerous condition.

Conductors were put on the electric line to accommodate the crowds going to Spring Grove camp ground. The rush was not great, however, and only a few of the cars were packed.

The occupants of Camp Tribby want it understood that the report of their all being sick is untrue. They are well and happy, enjoying every hour of their stay on the banks of Little Beaver.

A thrashing engine that went puffing along the road between this city and Cannon's Mill almost caused an accident on Saturday afternoon. A young potter and his best girl were the victims.

It is said that a bet of \$25 a side was made by a well known sport and a Wellsville man on Saturday night, the wager being for and against Corbett in the big fight. The Liverpool man backed Corbett.

The oil developments on the Dawson farm, near Smith's Ferry, will result in activity on this side of the creek. An old well on the next farm west will be cleaned out this week, and two more may be drilled.

A Liverpool young man who became too noisy in a questionable resort in Wellsville was ejected on Saturday night, and falling on the pavement disfigured his face. He came home on the next car almost as penitent as he was drunk.

The family of Samuel Ashbaugh moved in from the camp ground today owing to the illness of Mrs. Ashbaugh. Several others will move this week, but the majority will remain until the middle of the month.

A poor canine that had been shot by some one wandered along West Market street yesterday afternoon and was mistaken for a mad dog. It was suffering from the wound, and occasionally howled, but the howls were what caused loafers to give it a wide berth.

The many friends of Mr. and Mrs. Chris Horton will be sorry to learn that their little daughter, Edith, is dead the cause being brain trouble. Funeral services will be conducted at St. Stephen's church tomorrow at 2:30 o'clock. Interment will be in River-view.

The Crisis with its usual display of ignorance announced Saturday that the attorneys' vacation ended with this morning. Those who walked to their attorney's office this morning no doubt kicked themselves back home. The attorneys' vacation does not end until Monday next.

The members of the Buckeye club claim that the statement made in the Crisis of Saturday night to the effect that they would not stand by their challenge to play ball, is untrue. They say their challenge was only directed to the Phoenix and Columbian clubs, and they are perfectly willing to meet either of these organizations on the diamond.

The trustees had another case Saturday of a Pittsburg man who had read reports of business here in the papers of that city and brought his family to look for work. The false reports sent out simply meant that the trustees had to pay the family's way back to Pittsburg or keep them here at the expense of the taxpayers, and they sent them back.

Business men are conservative in making purchases for the fall trade this year, several having expressed their determination to wait until the season has well advanced before they put out their money. "I am going to wait until I see what the potteries do before I buy many more goods," said a well known retailer, "and I have heard of others who will do the same thing. It will be soon enough to stock up when we know how orders are in the potteries."

Base ball, bicycles, horses and boats  
All claim a lot of attention.

Coats  
The others would scarcely receive at-

## ANOTHER PARK SCHEME

East End Men Want a Base  
Ball Ground.

MONEY YET TO BE RAISED

The Scheme Is To Fence In The Race  
Track and Have the Diamond In The  
Center—Arrangements Can Be Made If  
They Have the Price.

Another scheme for a base ball  
ground is on the boards, and if money  
can be secured an athletic park will  
be among the certainties next year.

The plan is in the hands of the East  
End ball club, and already \$60 is in the  
treasury as a result of the festival  
held on Saturday night. The pro-  
moters of the project expect to keep  
the members together during the  
winter, and as they will each pay in  
by the month, and numerous benefits  
will be given during that time enough  
is expected to begin the work  
when spring comes again. As the  
plan is at present the driving park  
will be leased and a fence built around  
it high enough to keep out the people  
who have not paid to see the games.  
A good diamond will be made in the  
center of the oval, and the grand  
stand will be made of sufficient  
size to satisfy all. The club expect to carry out the  
scheme, as various plans have been  
suggested that will bring in the re-  
quired amount of money.

The East End club have arranged a  
game with Wellsville for next Thurs-  
day, and are looking for contests with  
Lisbon and Palestine.

The base ball game between the  
Crescents of Lisbon and the East  
Palestine club was witnessed by a  
large crowd and proved very exciting.  
Percy Albright pitched for Palestine  
and other East Liverpool men were  
on the team, but Dock Howard and  
Finch proved a battery that surprised  
the natives. Following is the score:  
Crescents.....2 0 3 3 0 0 0 1-9  
Palestine.....0 0 0 0 2 0 0 2-4

Howard is the Liverpool man who  
played well here, and he is advancing  
in a manner that evinces his talent.

AUGHENBAUGH A VICTOR.

He Carried Off the Honors at Connells-  
ville Sporting Notes.

Saturday was a great day with the  
wheelmen in several Pennsylvania  
towns but East Liverpool and Beaver  
were more interested in the races at  
Connellsville than any other place.

C. C. Aughenbaugh, of Beaver, who  
trains here, won the half mile and  
mile open. In the former race Banker  
retired because of a broken wheel and  
Aughenbaugh finished but a wheel's  
length ahead of Quimby. Banker was  
in the mile open race. Aughenbaugh's  
time in the half mile was 1:14 2-5; one  
mile, 2:41. He also took second place  
in the three mile handicap. George  
Hale riding under the C. C. C. colors  
made a quarter mile in 34 seconds flat.

The real reason why Hale did not  
get a place was the peculiar manner  
in which the decisions were  
juggled. He got a good third in one  
race, and was beaten out of it by the  
judges. He kicked vigorously and  
was aided by Banker, but it did no  
good. Neither would enter a race be-  
cause the judges threatened to dis-  
qualify them if they continued to ob-  
ject. Hale is angry because of the  
unfair treatment he received.

John Seligle was in town yesterday  
calling on Charles Danberg. He is on  
his way from Buffalo to Harrisburg,  
and expects to make the whole dis-  
tance on his wheel.

Some one filled with unkind  
thoughts and the belief that wheel-  
men have no rights placed a wire nail,  
bent and sharpened, on Fifth street  
Saturday evening. It did the required  
work, and punctured a tire. The  
bicycle club have their eye upon  
some parties suspected of the trick,  
and propose to prosecute them under  
the new ordinance if evidence can be  
secured warranting a warrant.

The race booked for this afternoon  
on the East End track between  
"Dude" Rowe and "Cracker" David-  
son, is off owing to Davidson be-  
ing ill.

TRAPPE IS ANXIOUS.

The Great Amateur Wants to Live in  
Liverpool.

Frank Trappe, the Cleveland rider,  
wants to live in Liverpool, and has ex-  
pressed to intimate friends that he  
would like to ride under the orange  
and blue of the C. C. C. He has a  
reputation as a rider, and would make  
a great attraction at a local meet. Al-  
though it is not stated as fact it is be-  
lieved an effort will be made to have  
him come here. He is a printer, and  
would work at his trade.

CAREY IS A MARVEL.

Boy He Must Learn to Hit the  
Ball.

The Baltimore correspondent of  
Sporting Life says that Carey is a  
marvel, a wonder, a fielding  
phenomenon, but he must learn to hit  
the ball.

"He can at least be taught to vary  
that chronic sameness of the swing at

the ball. Every offer he makes at it  
is identical with those gone before.  
He can be made to put a little vari-  
ety into it like the others (except  
Reitz, which is a parallel case) and the  
effect watched. He can be practiced  
with bunting—place bunting—just  
meeting the ball, swinging at it hard,  
body swing, arm swing, something,  
anything until experiment has proven  
that he is not in it. His position in  
batting can be experimented in, and  
he can be shot full of ginger with  
something or other that a careful  
watch of his characteristics will dis-  
close."

Hence These Tears.

The smoke from Clerk Hanley's pipe  
was slowly forcing apart the joints in  
the northwest corner in the city build-  
ing when a reporter secured an axe  
and cut his way to where the official  
was seated.

"I see by the paper that the city  
clerk of Massillon has got away with  
\$2,700 of the city money," he remarked  
to the visitor.

"I have observed as much. The city  
clerk in East Liverpool seems a little  
slow," replied the reporter.  
Clerk Hanley heaved a sigh that  
could be heard through the three feet  
of nicotine atmosphere which sepa-  
rated him from his visitor.

"We haven't got the \$2,700," and his  
voice was full of sadness.

Three Days For Macabees.

The Macabees of the state will  
hold a convention in Cleveland, be-  
ginning one week from tomorrow and  
continuing three days. The supreme  
and grand officers will be present, and  
a day's outing at one of the prettiest  
parks in the vicinity will be one of the  
features. A competitive drill of the  
uniformed rank will mark the oc-  
casion, and a big attendance is ex-  
pected, because the first prize is \$200.  
Some East Liverpool members of the  
order will be present.

Spring Grove Personals.

Mr. and Mrs. J. T. Burns, of Beaver  
Falls, were guests at the cottage of T.  
F. Milligan yesterday.

Harry Cartwright, of Leetonia, was  
on the grounds yesterday the guest of  
friends.

George Dunlap, of Cleveland, was  
in camp yesterday, having come from  
Cleveland on his wheel. He was the  
guest of his brother, Ervin Dunlap, and  
the Misses Dunlap.

The Rock Point Picnic.

Members of the Epworth league and  
the Methodist Episcopal Sunday  
school are making great preparations  
for the picnic at Rock Point three  
weeks from tomorrow. Fully 1,000  
people are expected to attend, as it is  
the only big picnic out of the city  
this year.

Another Bicycle Meet.

Charles Usher and Thomas Jones,  
two youthful riders, collided at the  
corner of Fifth and Market streets  
Saturday night. They received bad  
bruises and their wheels were slightly  
damaged.

The Wire Down Again.

The trolley wire was down at a  
point east of the power house during  
the exceedingly heavy rain of Satur-  
day evening and several East End  
people walked home.

For Buffalo Bill.

The vacant lot owned by the city at  
the northeast corner of Third and  
Market streets will for the first time  
in years be surrounded by bill boards  
for the coming wild west show.

church will picnic at Rock

tic Tea Store.

Killed Over His Bad Singing.

NEW YORK, Aug. 5.—Antonio Cal-  
doro, an Italian, was playing a guitar in  
his yard when Michael Pasento, an-  
other Italian, entered and volunteered  
to sing an accompaniment. Caldoro re-  
plied that he did not like his visitor's  
voice. Then there was trouble, and the  
police found Pasento on the sidewalk  
with a terrible gash in the neck, and  
several other knife wounds, from  
which he died after he had several  
times gasped the name of his assailant.  
Caldoro and several other Italians who  
were of the party are under arrest for  
murder.

AGAINST ST. VINCENT'S BEER.

The Catholic Total Abstinence Union  
Likely to Take Up the Matter.

NEW YORK, Aug. 5.—Questions of  
paramount interest to the Catholic To-  
tal Abstinence Union of America will  
be discussed at its twenty-fifth annual  
convention to be held here this week.  
The present president of the organiza-  
tion is the Rev. Father James M.  
Cleary of St. Paul. So far as is known  
no serious opposition to the re-election  
of the Rev. Father Cleary has developed,  
but it is said that the friends of Ar-  
chbishop Ryan of Philadelphia, one of  
the strongest apostles of total abstin-  
ence among the Catholic hierarchy in  
the United States, are eager to put him  
forward for the place.

One question to be considered will be  
the recently developed opposition to the  
breweries of the Benedictine Monks at  
Lafayette, Pa., which has already claimed  
the attention of Mgr. Satolli through  
the petition of the temperance advo-  
cates of that region.

Two Victims of a Sudden Squall.

BROOKLYN, Aug. 5.—A sudden squall  
captized the sloop yacht Ella S. of the  
Excelsior boatclub off the foot of Ninety-  
third street. The yachting party, com-  
posed of John Strand, his three sons  
and Arthur Hemmingsway, were thrown  
into the water, but Strand and two of  
his sons managed to seize the boat and  
were rescued. His eldest son John and  
young Hemmingsway were swept beyond  
reach and drowned.

Tom Burns Released.

BROOKLYN, Aug. 5.—Outfielder Tom  
Burns, who has played in Brooklyn for  
a number of years past, has received his  
ten days' notice of release from the  
Brooklyn club. Young Anderson and  
Tredway have been playing so well that  
Burns has been compelled to decorate  
the bench for some time past.

Skeleton of a Missing Man Found.

LOWVILLE, N. Y., Aug. 5.—A skele-

Scotfield, has been found in the swamp  
north of this place. Scotfield was miss-  
ing since last May, and it is now sup-  
posed that he lost his way in the swamp  
and died of starvation.

## THAT'S QUEER!

You say a collar and cuff that are  
waterproof?

Yes.  
And perspiration will not affect them?

Yes.  
And when dirty you need only wipe  
them off with a wet cloth or sponge?

Yes.  
Wonderful! How are they made?

A linen collar covered on both sides  
with waterproof "CELLULOID." Looks  
exactly like a linen collar.

Is it the only waterproof collar and  
cuff made?

No, but it is the only one made with  
the linen interlining and consequently  
the only one that can give entire satis-  
faction, because it is the best.

How can I know that I get the right  
kind?

Because every piece is stamped as  
follows:

Inquire for that and refuse anything  
else, or you will be disappointed.  
Suppose my dealer does not have  
them?

He probably has, but if not, send  
direct to us, enclosing amount. Col-  
lars 25c., Cuffs 50c. State size, and  
whether collar wanted is stand-up or  
turned-down.

JOY AMONG THE PUDDLERS.

Ten Thousand of Them Receive a Nice  
Advance in Wages.

PITTSBURGH, Aug. 5.—There is rejoic-  
ing among 10,000 puddlers in the  
United States by reason of an increase  
of 25 cents a ton in their wages. The  
increase went into effect today and  
will give the puddlers and puddle mill-  
workers \$4.25 a ton. The prospects are  
that by Sept. 1 they will get another  
advance of 25 cents a ton, making their  
wages \$4.50 a ton.

Official notice was received at the  
Amalgamated association office from  
the bar iron manufacturers of Youngs-  
town, that they had agreed to volun-  
tarily advance puddlers' wages 25 cents  
a ton. The advance comes by reason  
of increases in the selling price of iron,  
and while it was not due, according to  
the scale agreement until Sept. 1, the  
manufacturers thought it was policy to  
let the increase go into effect a month  
earlier. The increase will not only af-  
fect the wages of the Mahoning and  
Shenango valley puddlers, but this class  
of workmen in all Amalgamated as-  
sociation iron mills in Pittsburgh and  
elsewhere. On Sept. 1, the finishers  
will also benefit by a proportionate ad-  
vance. The voluntary advance is con-  
fined by the manufacturers to the pud-  
dlers.

SILVER DEAD, SAYS PEPPER.

The Senator Says the Agitation Is Dying  
Out in the West.

NEW YORK, Aug. 5.—Senator Pepper  
of Kansas to an interviewer here said:  
"The silver question is the leading ques-  
tion of the hour, but at present in the  
west the agitation is dying out. This  
has been strongly marked during the  
last six or eight weeks. It think it but  
a temporary check, however, and that  
the sentiment is strong with the people.  
Still there are no more public meetings  
now, and the discussion that continues  
is in the newspapers alone."

"I think," said he, "that the silver  
men in the Democratic and Republican  
parties will be swamped when it comes  
to elections. They will talk silver, pro-  
test their allegiance to silver and all  
that, but when the time comes they  
will grit their teeth and stand their  
medicine. They will vote with their  
parties."

Prominent G. A. R. Recruits.

NEW YORK, Aug. 5.—A regular en-  
campment of Lafayette post was held  
in the Masonic Temple and added to its  
roll R. W. Meade, rear admiral retired,  
United States navy; General Daniel  
Butterfield, of the Twelfth regiment,  
New York Volunteers, and General  
Thomas I. Morgan, who served as col-  
onel of the Fourteenth United States  
colored infantry during the war, and  
was brevetted brigadier general United  
States volunteers for gallant and meri-  
torious services.
